

Moving Business Forward since 1870

Duluth Area Chamber of Commerce **2022 BUSINESS DIRECTORY &** **COMMUNITY GUIDE**

**Thank you for supporting
local business.**

TOGETHER, WE'RE BUILDING TOMORROW'S HEALTH CARE

Essentia Health thanks our patients, staff, project partners and community members.

To serve patients and our region, Essentia Health is making the largest private investment in Duluth's history. Our investment in quality care for northeastern Minnesota and northwestern Wisconsin has been supported by city, county and state government officials who have invested in public infrastructure. We appreciate the support from government, business and civic leaders.

Construction has also posed periodic challenges for our patients, neighbors and community members as they navigate around our medical campus. We thank each of you for your patience and perseverance.

When the new St. Mary's opens in 2023, we'll be ready to serve our patients for generations to come. We're building on the pioneering spirit and guiding vision of holistic healing of our founders, the Benedictine Sisters of St. Scholastica Monastery.

As we look to 2022, we're grateful for our caregivers who serve patients every day with safe, quality care. We're grateful, too, for this opportunity to create an inviting and healing environment for our patients and their families.

DULUTH AREA CHAMBER OF COMMERCE 2022 ACTION PLAN

MISSION

Serve our members by providing business advocacy, collaborative leadership and member-driven initiatives.

VISION

Serve as our area's premier advocate for business by facilitating collaboration that engages leaders from business, government, education, labor and the greater community. Actively create innovative opportunities to advance our members.

2021: YEAR IN REVIEW

Our Chamber operates to ensure that Duluth is a great place to do business by providing resources, education, advocacy, and opportunities to grow. Together with our leadership team, staff, volunteers, and members, the Duluth Area Chamber of Commerce has been able to continue serving businesses in North-eastern Minnesota and beyond through these challenging years of the pandemic.

To put it simply, there is no Chamber without our members.

You - our Chamber members - have supported this entity by attending our events, investing in our programming, inviting us to help in your marketing efforts, and sharing the task of advocating for policies that enhance business. Thank you. Through the support of our members, our team has been able to accomplish many of the goals put in place by our Board of Directors for the 2021 year. We encourage you to review a snapshot of those accomplishments.

2022: A PLAN IN ACTION

Each year the Duluth Area Chamber Board of Directors collaborates to define goals for the upcoming year. Those goals become the priorities that steer our advocacy efforts, events, programming, and initiatives for twelve months. These items are presented in an Action Plan and delivered to our members, detailing our tactical goals to achieve greater economic growth.

The strategic 2022 Action Plan you see to the right is unique in its format. The Chamber's leadership team creatively conceptualized a matrix to not only define priorities for the year, but that also delineates the Chamber's influence on each initiative.

The three pillars along the top: Workforce, Business Conditions, and Core Mission, serve as our most critical, timely issues. These pillars will drive the Chamber team to work towards enhancing each priority listed through our events, programming, advocacy efforts, and member engagement.

The three gray arrows along the vertical axis are in recognition that the Chamber must serve its Mission and Vision first; we will uplift other organizations that strive to accomplish parallel initiatives. We asked ourselves "How can the Chamber best lead, collaborate, or support this goal?" By conceptualizing priorities within this framework, the Chamber can operate in a space that leverages our strengths to lead initiatives within our capacity, collaborates with local partners to accomplish goals together, and supports organizations whose mission can also enhance the business environment.

This Action Plan will serve as the Duluth Area Chamber of Commerce's strategic path forward in 2022. Together, we will continue to marshal the power of our members, our board members and our staff, to ensure the greater Duluth, Minnesota area continues to be a successful, opportunistic, and encouraging place to do business.

Welcome to Our Beloved Community

Duluth is a vibrant community filled with remarkable people and places. We enjoy an extraordinary city that supports, cares for and creates opportunities for all of our citizens.

If you have arrived on our shores, we are happy to have you join us. If you are considering making the Duluth area your home or place of business, wait no longer. We are ready to help you settle in for a lifetime.

This is one of the most beautiful places you are ever going to experience. We are ready to show it off, and that is why our Chamber is making this Community Guide available to you. We believe the more you know about our Shining City on the Hill, the more you will be drawn to it. You will enjoy this big city with a small-town personality – a rugged outpost with a cosmopolitan flair.

With a fascinating history and heritage as a hard-working industrial town, we have balanced and diversified our industrial roots with tourism, health care, technology and education. Additionally, our growing reputation in the aviation industry illustrates that the sky is the limit for Duluth.

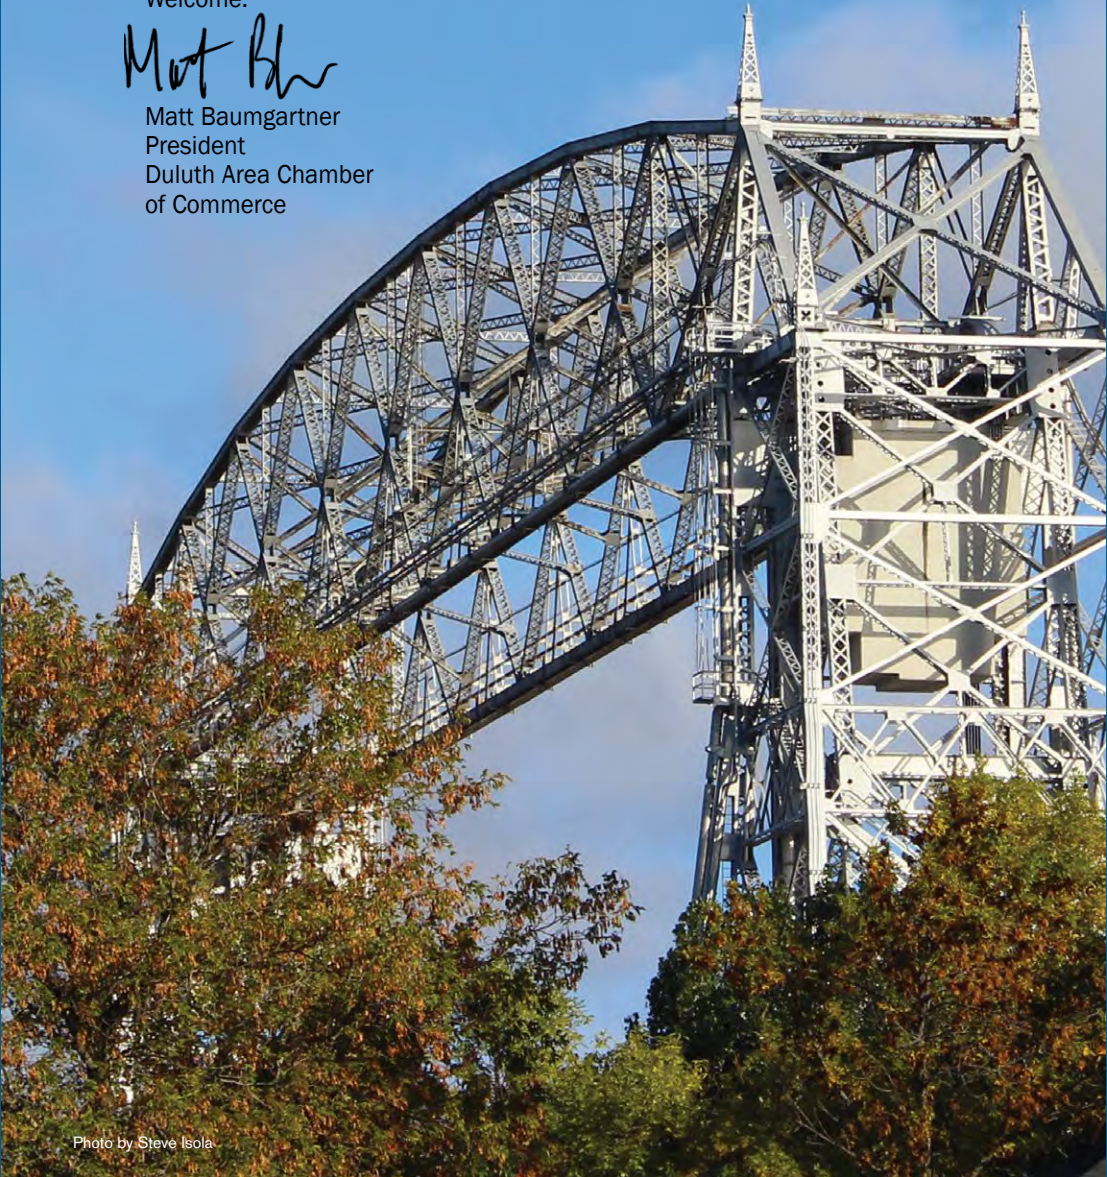

The Duluth Area Chamber of Commerce is the heart of our business community. We have served as the voice of business since 1870. We serve our 1,000 members by providing them the support they need to move forward. We know business. Connect with us. We will clear the path for you within our beloved Zenith City on the shores of the Greatest of the Great Lakes.

Thank you for your interest in this exceptional community, nestled into the emerald hillside along the shores of Gitche Gume.

Welcome.

Moving business forward. ▶

Sioux and Chippewa tribes are the first known inhabitants of the Western Lake Superior region. It wasn't until around the 1650s or 1660s that Pierre Esprit Radisson of France explored the area. The city was named Duluth in 1856 to recognize Frenchman Daniel Greysolon, Sieur du Lhut, who came in 1679 to set up fur trade routes.

Duluth had a shaky start with an 1857 economic crash and an 1859 scarlet fever epidemic. However, natural resources – first, copper, and later, iron ore and lumber – launched the city to success. So did financier Jay Cooke's persuasion of the Lake Superior & Mississippi Railroad to make Duluth its northern terminus, which, combined with the Port of Duluth-Superior, easily enabled efficient transportation of these resources. In 1871, workers dug a canal in Duluth to ensure ships could easily enter the harbor.

By the early 1900s, Duluth's port handled more tons yearly than New York City. The canal separated Minnesota Point (Park Point) from the rest of the city; people originally accessed Park Point by ferry. In 1904 and 1905, the Aerial Ferry Bridge was constructed. People were carried across by a heavy-duty gondola, which also bore their transportation vehicles. The Ferry Bridge was unique, only resem-

bling one other in the world in Rouen, France. The actual lift, a 386-foot-long suspension that cars now drive on, was added in 1929 and 1930.

When the St. Lawrence Seaway – the 114-mile channel between Montreal and Ogdensburg, New York – opened in 1959, Duluth was ready. A new addition to the bridge, a deep canal and a harbor allowed ocean vessels to easily access the city.

In the 1970s, Duluth suffered another economic struggle. Many of Duluth's key industrial companies had closed. When the U.S. Steel plant – a sizeable employer – closed in 1971 along with other corporations, Duluth's unemployment rose. The area known as Canal Park was mostly a mixture of warehouses, metal fabricators, auto parts stores, a car dealership, a paper supply company and scrapyards.

Then in 1984, a complete beautification and economic growth plan was formed to revitalize the city. Successful waterfront development in San Francisco, Boston and Toronto served as inspiration to transform Duluth and its extensive waterfront into an aesthetic place where people could experience the beauty and power of Lake Superior as well as close proximity to local shops, restaurants and hotels. In early June of 1988, the first 400 feet of the Lakewalk were dedicated. And over the years, Duluth Entertainment Convention Center (DECC) facilities have expanded significantly.

DULUTH AT A GLANCE

(Continued)

Today, Duluth's diversified economy includes a thriving tourism and convention industry, manufacturing, aviation, health care, education and technology. The port is busy with regular shipments of grains, coal, taconite and wind energy components. While the harbor is 2,342 miles from the Atlantic Ocean, Duluth has the largest inland harbor in the world. Climbing to 138 feet in 55 seconds, the Aerial Lift Bridge (the biggest and quickest lift bridge in the world) continually draws crowds. The bridge rises around 5,500 times a year, allowing plenty of opportunity for residents and visitors alike to see large ships from around the world navigate precisely through the canal. While the port buzzes with shipments, several hundred million dol-

lars have been invested in the Duluth Downtown Waterfront District for developments, expansion of the Duluth Entertainment Convention Center and construction of the adjacent AMSOIL Arena. With a recent extension completed from Brighton Beach at Kitchi Gammi Park, residents and tourists can walk along the nearly eight-mile-long Lakewalk all the way to the Aerial Lift Bridge in Canal Park. Duluth's economy is diversifying and growing in other areas, too. From the Miller Trunk Highway corridor and its constant additions to new hotel developments and a resurgence in manufacturing industries that serve industries worldwide, it's clear that Duluth has found a way to attract new residents and repeat visitors.

Steve Isola

Duluth, Minnesota's third largest city, is a long city that stretches along Lake Superior, with many neighborhoods built on steep hills offering a panoramic view. Due to the "lake effect," weather at the Sky Harbor weather station on Park Point (elevation 607 feet) may be foggy and 50 degrees, while the weather up by the Duluth International Airport (elevation 1,427 feet) may be partly sunny and 70 degrees. Lake Superior makes Duluth's summers a bit cooler and its winters a bit warmer. The city is blessed: tourists and residents alike can kayak, canoe, rollerblade, run, hike, bike and ski, all while taking in the spectacular scenery. Other quality of life factors that make Duluth shine are low crime rates, affordable homes, outstanding health care facilities, excellent universities, colleges and schools, an eclectic arts community – and a high level of philanthropy and civic engagement. ■

Steve Isola

CLIMATE

The proximity of Lake Superior, the largest of the Great Lakes, modifies local weather, causing cooler summer temperatures, warmer winter temperatures and a low frequency of severe storms.

HOUSING

HOME BUYING, RENTING, BUILDING, REALTORS & PROPERTY MANAGEMENT

Duluth's great livability has been recognized by several national magazines. In 2014, Duluth won *Outside Magazine's* Best Outdoors Town contest. *Money Magazine* has ranked Duluth several times as one of the best cities to live in the country.

The city offers affordable single-family homes and condominium/town home properties, with newer upscale housing nearer to downtown. Large, older homes with panoramic views of Lake Superior line Duluth's extensive hillside while beautiful, turn-of-the-century mansions line the coast of Lake Superior. Duluth's distinctive history is also evident in the western communities of Morgan Park and Spirit Mountain, where the homes and neighborhoods were originally created for U.S. Steel plant workers.

Rental options range from apartment complexes to older renovated homes to new townhomes. Many apartments are located near Duluth Transit Authority bus lines. Others include extra perks like snow removal, controlled access and proximity to parks and other recreational areas. Many rental units and homes feature off-street parking, but for those that don't, alternate side parking is effective year-round in Duluth.

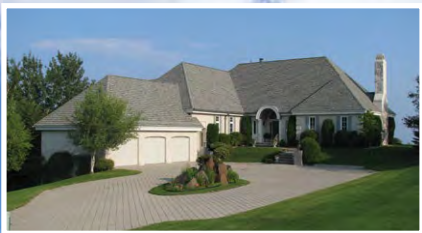

Campus Park, Boulder Ridge and Summit Ridge offer popular housing destinations for local college students. BlueStone Lofts – a housing development near the University of Minnesota Duluth geared toward college students and professionals – opened in 2013 and the adjacent, upscale BlueStone Flats opened in spring 2016. The development's newest BlueStone Vue opened in 2021 and offers a variety of accommodations. All three complexes are within walking distance of The Shops at BlueStone, featuring restaurants and retail stores. Kenwood Village, a retail and housing complex on the corner of Kenwood Avenue and Arrowhead Road, and ENDI Apartments on the corner of 21st Avenue East and London Road, also opened in 2016. Both feature upscale amenities as well as convenient access to retail shopping and restaurants. District Flats at Miller Hill opened in 2018, providing 72 units in the heart of Duluth's Miller Hill Mall area and its diverse options for shopping, dining and entertainment. New residential developments continue to open around the community. Enger Lofts and Lincoln Park Flats are new apartment options in the popular Lincoln Park Craft District, and a large apartment complex in Hermantown – Aery – opened in 2021. Decker Dwellings, which provides 42 apartment homes near the Miller Hill Mall area, also opened in 2021.

And there is more good news: Lake Superior College is working closely with the City of Duluth and a private developer to build a housing project near its college campus. The proposed development will include approximately 300 apartments. ■

The average sale price for single-family homes in Duluth in 2021: \$260,518

The median sale price for single-family homes in Duluth in 2021: \$244,035

Number of home sales in 2021: 1,341

DEVELOPMENT, INVESTMENT & EMPLOYMENT

The city of Duluth is the hub of a thriving region in Northeastern Minnesota called the Arrowhead, and Duluth is positioned to benefit from economic opportunities for years to come.

Its international seaport – by far the busiest and largest by tonnage on the Great Lakes – provides our nation’s heartland access to the world through the St. Lawrence Seaway. The transport of natural resources like iron ore, coal and limestone helped build the area’s economy and fuels its growth. Today, over 11,500 jobs and \$1.5 billion in business revenues are tied to shipping through the Port of Duluth-Superior, which moves an average of 35 million short tons of cargo a year. In addition, shipments of grain, wind turbine components, forest products, steel and other energy-related, heavy-lift cargo have earned the port top honors as a highly efficient, multimodal transportation hub. A nearly \$18 million redevelopment project at the Clure Public Marine Terminal including a 26-acre expansion is now complete. The first rail-served intermodal container ramp in the Twin Ports opened in March 2017 – an alliance between CN and Duluth Cargo Connect. The CN Duluth Intermodal Terminal now connects our region to containerized imports and exports through a rail network spanning the continent, providing direct service to east, west and Gulf Coast ports.

Duluth and its neighboring communities have benefited from the expansion of new industries in health care, precision manufacturing, metal fabrication and aerospace. The Duluth International Airport is a vital economic driver in retaining and developing new businesses throughout the region. It supports more than 5,000 aviation-related jobs at places such as the 148th Fighter Wing, Cirrus Aircraft, Monaco Air Duluth and Lake Superior College’s Minnesota Center for Advanced Aviation. With Delta, United Airlines, and Sun Country serving approximately 300,000 business and leisure passengers annually, the airport is a key asset that generates a \$1.3 billion annual economic impact.

Photos by Steve Isola

Over \$150 million in capital improvements have recently been completed at the airport, including a new and improved fixed-based operator, a Category II instrument landing approach system, an auto-parking system, in-line baggage screening and a new passenger terminal. The new terminal is energy efficient, LEED certified and provides a first-class customer experience with streamlined passenger screening, an expansive concourse with amenities and 24-hour accommodations for international flights. In addition, the airport will begin reconstruction of its taxiway, utilizing grant funds provided by the FAA.

Approximately \$1.6 billion in community investments began in 2020. Nearly \$1 billion of that alone is coming from investment in the medical district. Costco Wholesale opened its doors in the fall of 2021, and housing projects around the community will bring much needed residential options to the area.

The thriving tourism component of our city’s economy generates more than a \$950 million impact per year. Duluth annually welcomes 6.7 million tourist visitors who enjoy diverse outdoor recreation opportunities all year round as well as arts and entertainment.

Several organizations proactively partner to facilitate business expansion and retention in the Twin Ports. These groups include the City of Duluth, the Duluth Economic Development Authority, the Duluth Seaway Port Authority, the Duluth Area Chamber of Commerce, Minnesota Power, APEX (Area Partnership for Economic Expansion), Entrepreneur Fund, University of Minnesota Duluth’s Center for Economic Development, the Small Business Development Center at the University of Wisconsin-Superior and Northspan Group and its Northland Connection.

The Duluth Workforce Center provides resources and services for employment, training and other workforce development needs. Its premier resource is the online Minnesota Job Bank, one of the largest and best workforce tools in the state. Employers and employees alike can easily establish a job bank account by logging on to www.mnworks.org.

Duluth residents choose to live here because of the area’s quality of life and because of our award-winning schools, our 13 college and university campuses and excellent health care options. Our dedicated workforce demonstrates a strong work ethic resulting in higher productivity, minimal turnover and a thriving economy. ■

BUILDING OUR CITY

DEVELOPMENT, INVESTMENT & EMPLOYMENT

In 2021, the Duluth area construction trades were booming with new apartment complexes, as well as a maritime-industry related project vital to industries and businesses. We're a city on the rise – and many Duluth Area Chamber of Commerce members contributed their skills and expertise to bring these projects to fruition. ■

Photos by Steve Isola

Board of Trade Lofts

Location: 301 W. First St.

Chamber members involved:

A.W. Kuettel & Sons, Benson Electric Co., Contract Tile & Carpet, The Dubin Guru Group, East-West Property Management, Jamar Co., Johnson Mertz Appliances, Johnson Wilson Constructors, Sell Hardware, St. Germain's Glass Co.

Part of the Duluth Commercial Historic District, the Board of Trade Building is listed on the National Register of Historic Places. Now it's beginning a fresh chapter with its rebirth as an elegant apartment complex that will also offer some space for commercial and retail businesses. And its new name – the Board of Trade Lofts – honors the past while denoting its new life as a premier location for downtown living.

The building features 84 completely renovated apartments ranging from studio to two-bedroom configurations. It has renovated commercial and retail space available on the first floor, office space on the second floor, mixed-income apartments on the third through seventh floors, and additional potential commercial space on the eighth and ninth floors.

The extensive renovations included roof and chimney repairs, makeovers to the commercial spaces, updating electrical and heating systems, installing sprinklers, repairing the elevators and renovating the space into apartments. The Dubin Guru Group, which purchased the building, thoughtfully retained historically significant features including some doors, fixtures – and even a safe. The downtown location is ideal for a mixed-use building, and this project was designed to create an ambiance blending contemporary living with a historical vibe – from its beautifully restored grand staircase to all

the living and commercial spaces.

Throughout the building, studio units range between 300-450 square feet. One-bedroom units range between 425-600 square feet and two-bedroom units range between 640-950 square feet.

Board of Trade Lofts provides great features and amenities. For example, the building is pet-friendly. Building highlights include: historic features in hallways and in some units; elevators; party room and fitness center (to be finished and opened after the COVID pandemic crisis eases); garbage chute on each floor.

Other amenities are: on-site management office and on-site maintenance; extra storage available; bike storage; Wi-Fi and high-speed internet access availability; package and locker space for deliveries; ADA-accessible units available; pet spa; smoke-free building; utilities include paid water, sewer, garbage and recycling; security system; air conditioning; cable ready; key fobs/keyless entry/controlled access; USB charging outlets; solid surface flooring/hardwood floors/tiles; microwave, refrigerator and stove; space-saving under-counter washer/dryer and dishwasher in each apartment; solid surface counters; nine-foot-plus high ceilings; well-designed closet and cabinet storage; blinds/window coverings.

In addition, there are: Lake Superior and harbor views in some units; mail and online purchases available for pickup in mailroom; business center with work station and printing services; guest access/entrance to building with direct access to tenant's phone; access to the skywalk, with convenient access to downtown; online portal for tenants to view and sign their leases, pay rent, view outstanding balances and submit online work orders to staff. Resident parking will be available in the Civic Center ramp and several commercial parking spaces are located close by.

Board of Trade Lofts is a great example of the trend in urban and downtown areas to include mixed-use buildings to create a business, retail and residential blend in a pedestrian-friendly environment – a “live-work-play” community.

Duluth Seaway Port Authority Headquarters

Location: 802 Garfield Ave.

Chamber members involved:

Belanger Inc., DSGW Architects, Duluth Seaway Port Authority, Jamar Co., Johnson Wilson Constructors, Northern Door & Hardware Inc., Sheet Metal Solutions, St. Germain's Cabinet Inc.

While the Duluth Seaway Port Authority has moved, its new working waterfront location at the historic Seaway Building is a fitting nod to the past, since it places Port Authority headquarters in the midst of shipping activity once again.

The Port Authority staff provides leadership for and support to the local maritime community. It also owns and manages multiple waterfront properties, including the Clure Public Marine Terminal, Garfield Docks C&D, Erie Pier and an industrial park near the Duluth International Airport. It operates a designated Foreign Trade Zone, FTZ #51, at its Clure Public Marine Terminal.

In 2018, the Port Authority had vacated its former office – built in 1962 at the original Clure Public Marine Terminal at 1200 Port Terminal Road – and moved to a temporary leased Lincoln Park location to provide expansion space for Altec, one of its industrial tenants. The Duluth Builders' Exchange had owned the Seaway Building since 1993, and the Port Authority purchased it for \$935,000 in 2019. The total project cost is approximately \$4 million. That amount will be partially offset by a \$2.37 Minnesota Ports Development Grant awarded to the Port Authority in 2019. The grant funds were used for interior demolition work and rehabilitation of the building.

Interior demolition work began in December 2019, design work was completed in

March 2020 and construction began in June 2020. Project work included gutter repair, a new sprinkler system, roof and HVAC system, new windows to provide bright, natural daylighting and extensive spray foam insulation. It also included bathrooms, fixtures, sinks and plumbing, cabinets, millwork and casework. New partitions were designed for the offices and meeting spaces.

The building's design, finishes and enhancements are an artistic blend of imagery, art, signs and lots of textures. The two-story facility retains the signature piece center stairway, which was brought up to code, and has office spaces, conference rooms and a boardroom. Angular panels leading to the boardroom feature murals depicting imagery of various aspects of the shipping industry. The industrial-type design features exposed brick, reclaimed wood, photo murals and shipping activity images. A ship's wheel and bollard post from the Port Authority's previous office are now located outside the front of the building. The color palette features mostly neutrals with some accents of “iron ore” tones that add pops of color, along with blue to match the Port Authority's logo.

The first floor is the public space with a boardroom/event space, and the second floor houses offices and work areas for Port Authority staff. Exposed brick, wood-grain luxury vinyl tile and the porcelain tile used as floor accents are some of the key design elements. On the second floor office level, the reclaimed lumber – salvaged wood that was used to cover the posts – is an integral part of that floor's design.

The project, completed in January 2021, resulted in a tasteful and thoughtful blend of the modern that complements the building's original design and time period. This energy-efficient new facility space inside an old envelope has been brought up to energy code and is now a beautiful, one-of-a-kind commercial building.

Elysian Senior Homes of Duluth

Location: 110 Coffee Creek Blvd.

Chamber members involved:

Advanced Design Awnings & Signs, Arrowhead Concrete & Block, A.W. Kuettel & Sons, Belanger Inc., Benson Electric Co., DSGW Architects, Elysian Senior Homes, Jamar Co., Johnson-Mertz Appliances, Johnson Wilson Constructors, Northern Door & Hardware Inc., St. Germain's Glass Co.

Ground was broken in Duluth in January 2020, and Elysian Senior Homes of Duluth opened its doors in December 2020. This warm, inviting new building provides assisted living apartments that are thoughtfully designed to provide the comforts of home. It also offers wonderful views of a wooded area and lots of wildlife to watch. The convenient location is close to shopping and restaurant options as well.

Elysian offers choices for personal care as well as medical services that cater to the residents' total health and well-being. The facility's dedicated staff, who are trained in eldercare, maintain Elysian's strong, company-wide values of integrity, dignity, compassion, service, transparency and respect, which guide them in everything they do.

The lobby is bright and welcoming and there are spacious common areas for group activities (including a television room). The facility also has a cheerful, nautical-themed dining room with a fireplace, a salon and an outside sitting area with a firepit.

Elysian Senior Homes provides a full spectrum of individualized care plans, depending on what residents need. The facility can serve people who need assisted living and memory care and provides compassionate hospice and end of life care as well. It offers unfurnished studio and one-bedroom units with several floor plan options. Apartments include kitchenettes (with a microwave and refrigerator) and private baths with safety features.

The assisted living apartment plans provide a menu of high-level individualized support and care so that residents are able to continue living in their apartments as their needs change. Care and wellness staff are scheduled 24/7 and an RN is scheduled in the building and on-call 24/7 as well.

Among others, assisted living amenities options include: all utilities (except for phone service); expanded basic cable television service and basic wireless internet; three in-house prepared meals and snacks daily; individual climate control; emergency pendants and pull cords; weekly laundry; on-site maintenance services; concierge; and fax and copy services.

A designated and secure area is dedicated to caring for those with dementia and other forms of memory loss in a supportive environment. This part of the facility is designed to accommodate residents who may wander or become disoriented, providing them with comfort, tranquility and familiarity. It includes a common sitting area, dining room, activity area and a private, secure courtyard.

Dementia care services include most of those in the assisted living units, as well as lifestyle enrichment programming specifically designed for memory care patients. The dedicated and compassionate staff, who special-

ize in memory care, work to create an environment that allows residents to maintain their independence as long as possible. Elysian Senior Homes of Duluth offers enriching services to help residents improve mental health, maintain physical strength and enjoy opportunities for socializing.

In addition, it provides assistance for family members that includes education and caregiver support – and knowing that their loved ones are able to live comfortably and safely brings tremendous peace of mind.

Vue at BlueStone

Location: 120 Summit St.

Chamber members involved:

Hunt Electric Corp., Northland Constructors, P&R Plumbing & Heating, St. Germain's Glass Co., Summit Management

Summit Management – which built BlueStone Lofts, BlueStone Flats and The Shops at BlueStone – is proud of its latest project in Duluth. The upscale, multigenerational Vue at BlueStone, built at a cost of approximately \$30 million, provides apartment homes combining functionality and modern design.

The company (which also owns and operates Boulder Ridge, Campus Park and Summit Ridge in Duluth) broke ground for the Vue in December 2019, and the building opened in late July of 2021. Its location is surrounded by walking trails, trees and a beautiful residential neighborhood. Access to The Shops at BlueStone is also a big draw for all the BlueStone apartments. These restaurants and businesses include Tavern on the Hill, Pizza Hut, Jimmy John's, Qdoba Mexican Grill, Starbucks, Chilly Billy's Frozen Yogurt, Waxing the City, Sports Clips, Pearl Nails, Northern Communities Credit Union, Kat's Eyes Optical, Members Cooperative Credit Union, the AT&T Store and Park Dental.

The five-story, smoke-free building has 193 apartments (from 466 to 1,512 square feet) with studio, one-, two- and three-bedroom apartments and one or two bathrooms. Balconies and oversized, six-foot-high windows feature beautiful views and 27 different floor plans provide a wide variety of options. About 60 to 70 percent of the

(Continued on next page.)

(Continued)

units have a Lake Superior view going all the way from West Duluth to Brighton Beach. In-unit amenities include: washer/dryer; air conditioning; dishwasher; designer plank flooring; large island kitchen; quartz countertops; microwave; range/oven; refrigerator; disposal; tub/shower; sprinkler system.

Indoor storage space gives tenants the option to rent storage lockers of various sizes located throughout the building. Since the Vue is pet friendly, dogs and cats are allowed (with a two-pet limit and 75-pound weight limit). The building even has a pet spa. Parking is provided in both outdoor parking and in an indoor garage.

The oversized first-floor great room has an attached, large outdoor terrace area with three fireplaces, two grill stations and a pizza oven, an outdoor bar and counter area to sit, AstroTurf with lounge chair seating and an oversized pool/billiards game. The great room has fireplaces, multiple seating arrangements to gather – from various size tables to a sectional – and even a coworking port. The other side of the common space offers pool, shuffleboard and foosball along with a game simulator. The lower level entertainment suite includes a full kitchen, large dining and adjoining living room and features a fireplace. This room opens to a spacious patio area with a grill and fire pit as well.

The fifth-floor entertainment suite, with Lake Superior views, also opens to the outside with a grilling area and fire pit. The large open concept common space includes a 10-person dining table and a living room with a fireplace feature. Other building amenities include: an indoor swimming pool and hot tub; fitness center; sauna/steam shower; game room; clubhouse; child area off of exercise room; massage chair; game simulator; business center; indoor bike storage; mail room/package concierge; coworking spaces; two elevators; free coffee bar; Wi-Fi.

Enger Lofts

Location: 1832 W. Superior St.

Chamber members involved:

1LLC, ESC Systems Sound & Life Safety, Frandsen Bank & Trust, Gartner Refrigeration Co., St. Germain's Glass Co.

Enger Lofts, which opened in November 2021 at 1832 W. Superior St., features residential units on the second and third floors and also offers retail/commercial space on the first floor. The apartments on the north side of the building have a view of the iconic Enger Tower, and the building has an elegant mix of the historic and the modern, thanks to thoughtful renovations that respect its original character.

The plan of the developer – 1LLC – was to keep the units smaller, so that rents are more affordable. There are 42 studios on two floors and one two-bedroom unit on each of the two residential floors. Options in this smoke-free building include efficient “Studio Alcove” apartments offering compact, minimalist living, “Studio+” apartments with a slightly grander living space and more windows, “Studio Lofts” with higher ceilings above the sleeping alcove, and “2 Bedroom Apartments” offering simple modern living with more space.

While tenants have many amenities within the building, they also have more just outside their front door, with a variety of places to enjoy a delicious meal, hard ciders, craft beers and more. Fun shopping and places to see craftspeople at work are also vibrant aspects of the Lincoln Park Craft District.

Project work included a brand-new elevator, new roof, new HVAC, electrical and plumbing.

fire alarms and systems, two-way communication, and card access for entries and elevator call systems outside the elevators. The building management system features a WEBS Honeywell system that can see all HVAC data live and report any issues to building management.

1LLC has taken great care to offer the types of amenities people value greatly: unique room layouts and features; high ceilings; exposed brick walls; fitness area with weights and treadmills; excellent walk, bike, car access, and public transit; public transit bus stops directly in front of the building on Superior Street; access to the Cross-City Multi-Use Trail right in front of the building (connects to multiple neighborhoods including downtown, Canal Park and the Lakewalk); easy access to nearly 100 miles of mountain bike trails via the “Craft Connector” trail, a five-minute ride from Enger Lofts; in-unit laundry and dishwasher; gathering/meeting room; climate controlled storage available; bike maintenance area and bike wash station; community workshop area; basement storage lockers available; first-come, first-served parking lot for tenants; additional tenant parking available on Michigan Street; apartment lobby on the main floor; pet wash and grooming area (limit of two pets per unit).

Prime ground-floor spaces have Superior Street corner visibility and are suitable for retail, food service, restaurant and office space. All commercial space build-out can be customized to meet businesses' needs. These newly created commercial spaces are a great opportunity to start or grow a business. A coffee and tea shop opened at Enger Lofts in January 2022 as well as several boutiques. Amenities for commercial/retail tenants include 24-hour accessibility, on- and off-street employee and customer parking, high visibility and foot traffic, a lower-level conference/meeting room, storage space, Michigan Street receiving area and more.

Aery

Location: 4498 Ugstad Road, Hermantown

Chamber members involved:

A.W. Kuettel & Sons Inc., Compudyne, Contract Tile and Carpet LLC, DSGW Architects, Duluth Stove & Fireplace, Northland Constructors, Northland Consulting Engineers, P&R Companies, P&R Plumbing & Heating, SAS + Associates Inc., Sheet Metal Solutions LLC, St. Germain's Cabinet Inc., St. Germain's Glass Inc., Superior Glass Inc.

Located on the corner of Highway 53 and Ugstad Road, this building, developed by P&R Properties Twin Ports (which built the Village Apartments of Superior, 320 North, ONYX of Superior and Central Flats in Superior, Wisconsin) offers residents luxury living spaces, premium amenities and convenient access to the Highway 53 corridor. Aery is located within walking distance of the Hermantown schools and the Essentia YMCA Wellness Center, so it's an ideal location for families wanting to live in Hermantown.

The complex has 147 units including one-, two- and three-bedroom apartments as well as some smaller studio and alcove apartments. Nearly all of the designer-inspired layouts feature private open-air decks. Residents can enjoy morning coffee on their balconies and take in the beautiful wooded location and gorgeous scenery.

The sleek style of Aery's modern design starts in the lobby with its elegant leather furnishings, a double-sided stone fireplace

and a coffee bar with complimentary coffee for residents. Decorative lighting in the common areas also adds to the building's ambiance. The secure parcel and mail room is close to the lobby. Aery's business center includes a meeting space and a place for video conferencing. A second floor amenities deck includes grills and outdoor seating. Off the deck area is an entertainment suite with a full kitchen, large seating area around a fireplace and a large-screen TV.

Aery provides many great amenities that tenants enjoy, including: private balconies (for the majority of units); cable-ready units; community rooms and a Club House (a separate entertaining suite for residents' use); firepits and gourmet grilling stations; high-speed internet access; modern kitchens; laminate wood flooring; hardwood cabinets; indoor bike storage; indoor heated garage, plus off-street parking; granite countertops; and modern fixtures

In addition, Aery provides: ample storage space; walk-in closets; energy efficient stainless steel appliances; energy efficient air conditioning; stackable washers and dryers; carpeted bedrooms; dedicated mail and parcel room; secure entry/garage door opener/key fobs; video call box to admit guests; three ADA (Americans With Disabilities Act) apartments; state-of-the-art fitness center; virtual fitness center; business center/conference room; entertainment suites; Residents' Pub (with poker tables, dart boards and a BYOB bar); pet spa (one dog per apartment limit); and an on-site building manager Monday-Friday. Tenants can also access help available by phone during off hours.

Rents include high speed internet, garbage, water and on-site outdoor parking. Indoor heated parking is available for a monthly per-stall fee. Residents are responsible for electric services, which includes heating and cooling. Optional storage units are also available. A new sidewalk on the

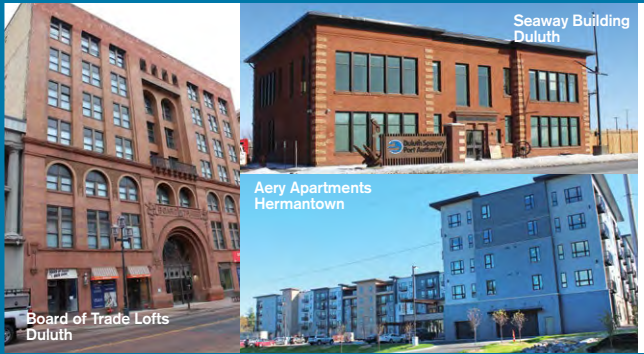

south side of the building provides access to Aery's backyard and walking paths. Pet “relief” areas are accessible as well.

P&R Properties Twin Ports is now hard at work on its latest project: Lincoln Park Flats in Duluth, a 74-unit building set to open in spring 2022. ■

EDUCATION

PUBLIC AND PRIVATE SCHOOLS & UNIVERSITIES, EARLY CHILDHOOD PROGRAMS & CHILDCARE

Home to a wide array of learning institutions from early childhood to post-secondary schools, Duluth boasts an excellent and diverse educational system that provides lifelong learning opportunities for residents of all ages.

Duluth offers an abundance of early childhood education options to meet the needs of children and families. Parents are able to make educated choices regarding where to enroll their children during these formative years of rapid growth and development. The community offers private and public early childhood programs, full- and part-time programs, nursery school, family childcare, and licensed and nationally accredited childcare centers with infant through school-age programs.

The fall of 2013 concluded the Duluth Public Schools Long Range Facilities Plan with the goal to improve educational opportunities for all Duluth Public Schools students. The plan was designed to create a more efficient school system focused on providing an education rivaling the best Minnesota has to offer while serving to attract tomorrow’s families with the best possible schools. Benefits include critical investments for safety and education quality, smarter use of school resources, greener, more energy-efficient schools and value for taxpayers. The final school renovations were completed in the fall of 2013. In total, 13 schools throughout the city have been completely transformed into modern, sustainable, quality learning facilities.

Additionally, three major universities, a number of community colleges and several specialized business schools are located in the Duluth area. University students comprise approximately 18 percent of Duluth’s population. These students – who hail from the Duluth area and across Minnesota, the nation and the world – are a major economic driver for the area and provide regional employers immediate access to an educated workforce. ■

Fond du Lac Tribal and Community College brings together a tribal college and a state community college in partnership. With this partnership, Fond du Lac Tribal and Community College has a unique mission to provide education opportunities for its communities in a welcoming, culturally diverse environment. This collaboration offers all students, regardless of demographic background, the opportunity to learn in a comfortable and diverse environment.

Founded in 1987, the college offers two-year associate degrees across a wide range of program areas. Programs are available in more than 30 fields of study. Popular programs include Nursing, Law Enforcement, Elementary Education, Child Development, Environmental Science, Electric Utility Technology, and Geographic Information Systems.

The college is a regionally accredited institution through the Higher Learning Commission and provides the perfect learning environment in which to meet the needs of our next generation of leaders. Tuition and fees are affordable and among the lowest college costs in the region. The college offers on-campus student housing, intercollegiate athletics, student clubs and organizations, customized training and continuing education opportunities for professionals, community events and a positive atmosphere on campus.

The future
you want
for your
business?
We'll help
you grow
into it.

At Bremer Bank, every partnership starts with listening and learning, getting to know you, your business and what you want to accomplish. When we understand that, we can offer ideas and solutions to help you succeed on your terms. In a world where opportunities come and go in the blink of an eye, relationships matter more than ever.

Understanding is everything.

GOVERNMENT

LOCAL, STATE & NATIONAL

The mayor is elected for four-year terms. Four at-large councilors representing the City of Duluth as a whole and five councilors representing specific precincts are also elected to four-year terms. There are no term limits in Duluth. City Council meetings are held the second and fourth Mondays of each month at 7 p.m. in the Council Chamber at City Hall. You can visit www.duluthmn.gov/clerk/council/schedule.cfm or call (218) 730-5740 for a complete schedule.

Duluth governs with a strong mayor-council form of government. Policy proposals from the city administration are presented to a nine-member City Council for approval. Resolutions and ordinances become law when they are approved by the City Council and signed by the mayor.

Duluth mayors appoint a chief administrative officer for an indefinite term; the CAO, for all practical purposes, runs the day-to-day operations of the city with the exception of the attorney's office, which is operated independently. For more information, visit the City of Duluth's website at www.duluthmn.gov. ■

HEALTH CARE

ASSISTED & INDEPENDENT SENIOR LIVING, CLINICS, HOSPITALS, NURSING HOMES

Residents of Duluth and our region have outstanding, award-winning care within their reach. The excellent reputation of Duluth’s health-care industry attracts patients from far beyond the Twin Ports region, including other areas of Minnesota, Michigan’s Upper Peninsula and Canada. Patients can choose from two world-class health-care systems and numerous smaller, privately owned facilities.

Many senior care, assisted living and nursing home options are also available in Duluth. In fact, CNN ranked Duluth No. 23 in its “25 Best Places to Retire” list. State-of-the-art medical and rehabilitative facilities, comfortable living arrangements and creative social activities are among the assets provided at Duluth’s eldercare centers.

In addition to providing outstanding care, the area’s health-care sector provides jobs and serves as a strong economic driver, totaling approximately 28 percent of the regional economy. Furthermore, local universities, including the University of Minnesota Medical School-Duluth Campus, The College of St. Scholastica, Lake Superior College and Northwood Technical College, draw an abundance of medical students from around the nation and world, invigorating the Duluth economy with a fresh, new source of talent. ■ (Continued on next page.)

MEDIA

RADIO, NEWSPAPERS, MAGAZINES, ONLINE PUBLICATIONS, BLOGS, TELEVISION, CABLE SERVICES

Duluth's large population and surrounding area lends necessity to a wide variety of media. As the second largest media market in the state, Duluth serves Northeastern Minnesota as well as Northwestern Wisconsin. Media include television stations, radio stations, newspapers, magazines, blogs, publishing companies and online publications. The area's diverse media outlets provide a variety of news, business coverage, music, sports, opinion and local profiles, as well as arts/entertainment and lifestyle features. ■

MILITARY

NATIONAL GUARD, NAVY, COAST GUARD & RECRUITING

Duluth strongly supports the region’s military members and their families. In 2010, the city was officially proclaimed a “Yellow Ribbon City” by Minnesota’s governor in conjunction with the Minnesota National Guard’s “Beyond the Yellow Ribbon” program. From the Minnesota Army National Guard and Minnesota Air National Guard to the United States Coast Guard, each local military unit contributes to the strength of Duluth through the jobs provided and the overall economic impact delivered.

The 148th Fighter Wing, one of the largest employers in the area, supplies more than 1,000 jobs and generates a yearly economic impact of over \$90 million. Seven years after a successful “Save the Base” mission leading to the acquisition of new state-of-the-art airplanes, the 148th succeeded in becoming one of only six active associate units in the country. The designation means bringing active-duty Air Force personnel to Duluth to work with and train current guardsmen and guardswomen. Accomplished through a sustained, cooperative effort beginning in 2008, active association status provides a boost to the local economy and greater long-term stability to the base.

Photo courtesy of 148th Fighter Wing

The 148th Fighter Wing has a strong record and long list of accomplishments. Notable accomplishments in recent years include: the 2008 Raytheon Trophy, which is given to the best fighter units in the U.S. Air Force; the 2013 and 2016 NGAUS (National Guard Association of the United States) Distinguished Flying Unit Plaque; 2013 Excellent Operational Readiness Inspection; Air Force Outstanding Unit Award in 2007, 2008, 2009 and 2012; Air Force Association Outstanding Air National Guard Flying Unit Award in 2006, 2009, 2011 and 2012; and the Nathan Altschuler Outstanding Education and Training Program Award in 2012.

Additionally, the United States Coast Guard employs more than 130 people in the Duluth/Superior region and the Army National Guard is responsible for roughly \$21 million in both salaries (state and federal) and other expenses. Together, the local military strengthens Duluth’s economy. By proudly serving their country, they’re proudly serving us. ■

www.148fw.ang.af.mil

The 148th Fighter Wing – the Duluth based Air National Guard unit – flies the Block 50 F-16CM, the newest F-16 in the Air Force fleet. The Wing performs Aerospace Control Alert, protecting America’s skies 24 hours a day. The 148th is one of two Air National Guard wings tasked to provide Suppression of Enemy Air Defense (SEAD) support for our nation.

The 148th mission is to “provide ready Airmen to defeat America’s enemies and rapidly respond to state and community needs.” When Minnesota Air National Guard units are not mobilized or under federal control, they

report to the governor, supervised by the adjutant general. The dual federal-state mission is unique in the military and sets the National Guard apart from any other reserve component.

In addition to being available when our state and nation needs it, the 148th provides the Airfield Fire Department, the sole crash and rescue service provider for the Duluth International Airport, providing 24/7 coverage.

PARKS

GARDENS, TRAILS, RECREATION, SPORTS, SOCIAL AND CULTURAL OPPORTUNITIES

The city owns and preserves more than 11,000 acres of park space, giving Duluth – voted as the “Best Outdoors Town in America” by Outside Magazine – one of the more comprehensive park systems in the United States. Citizens and tourists alike can find a vast array of year-round activities within a short walk or driving distance, such as rock-climbing, walking, skiing, biking, hiking, golfing, fishing, snowshoeing and rollerblading, all within city limits.

Additionally, there are numerous facilities throughout the city available for softball, tennis, soccer, baseball, basketball, horseshoes, hockey and bocce. Duluth is a gateway to Lake Superior’s scenic North Shore, which attracts thousands of visitors to the Boundary Waters Canoe Area Wilderness, Gooseberry State Park, Jay Cooke State Park and Tettegouche State Park – all offering even more opportunities to enjoy the region’s spectacular scenery and outdoor activities.

The International Mountain Bike Association recently designated Duluth’s trails as one of six gold-level ride centers in the world. Mountain bikers can enjoy riding at Hartley Park, Lester Park, Mission Creek, Piedmont/Brewer and Spirit Mountain, which are connected by the Duluth Traverse trail system. Road bikers can enjoy the Lakewalk or the Munger Trail with great views of the lake. For details, visit the City of Duluth’s website (www.duluthmn.gov/parks/trails-bikeways) or Cyclists of Gitchee Gumee Shores website (www.coggs.com).

Plenty of green space allows wildlife to visit the city. In addition to deer, bear and fox that may be seen within city limits, Duluth is widely considered one of the Top 10 destinations in America for bird watching. Hawk Ridge Bird Observatory is a great place to witness the migration, which acts as a “funnel” for tens of thousands of migratory hawks, eagles and other birds of prey. Peak migration occurs from mid-September through late October.

If you’re not into animal watching, enjoy a stroll through one of Duluth’s lovely gardens and connecting trails. Duluth parks offer well maintained perennial gardens including the popular Rose Garden in Leif Erikson Park, where 40,000 roses bloom each year, and Enger Park, which features a Japanese-inspired peace garden and spectacular views of the city from the top floor of Enger Tower or the new, expansive pavilion. And with two dozen creeks and streams with secluded waterfalls located within city limits, Duluth is a destination for those seeking fast-paced adventure or a leisurely stroll. Major parks include Bayfront, Brighton Beach (Kitchi Gammi Park), Chester Park, Chambers Grove, Leif Erikson, Park Point, Lincoln Park, Lester, Fairmont and a newly created Quarry Park offering disc golf, accessible trails and ice climbing. For a complete list of parks, visit the City of Duluth website at www.duluthmn.gov/parks. ■

SHOPPING

DOWNTOWN DULUTH, MILLER HILL MALL & OTHER SHOPPING CENTERS

Exceptional boutiques, outdoor equipment and clothing suppliers, beautiful antique stores, mainstream department fashion stores and unique, locally-owned shops provide an eclectic and wide selection of merchandise.

DOWNTOWN DULUTH

www.downtownduluth.com

The Downtown Waterfront, home to many locally owned and operated shops, is easily accessible from two downtown exits off the I-35 freeway. The historic downtown area features numerous businesses, restaurants, hotels and specialty shops along Superior Street. The Holiday Center, Canal Park, DeWitt Seitz Marketplace building and the historic Fitger's complex (featuring the hotel, retail shops and dining) are just a few of the many popular shopping areas to be found in the downtown area. And on a chilly winter day, over three miles of Duluth's unique Skywalk system offers convenient – and warm – indoor access to many of these shops and restaurants.

MILLER HILL MALL

www.millerhillmall.com
1600 Miller Trunk Highway
Duluth, MN 55811
(218) 727-8301

www.simon.com/mall/miller-hill-mall
Miller Hill Mall, the premier shopping destination of northern Minnesota and Wisconsin, has more than 100 stores to fit all your needs. The mall provides more than 800,000 square feet of distinct shopping. An exciting retail mix, coupled with great sales and special events, draws more than seven million shoppers each year. Enjoy shopping at stores like American Eagle Outfitters, Bath & Body Works, Barnes & Noble, Champs Sports, Coach, Dick's Sporting Goods, DSW Designer Shoe Warehouse, JCPenney, Pink, maurices and many more. Shopping works up your appetite! Miller Hill Mall offers many choices, including Culver's, Noodles & Company, Applebee's, Perkins, Chipotle Mexican Grill, Five Guys Burgers and Fries, Pizza Ranch and more.

LINCOLN PARK CRAFT DISTRICT

The growing Lincoln Park Craft District in western Duluth is home to diverse, successful businesses including brewers, craftspeople, restaurateurs and artisans. These entrepreneurs value craftsmanship and quality – whether they're brewing award-winning beer, manufacturing tough outdoor gear or serving

fresh, delicious farm-to-table entrees. They also value the Lincoln Park's neighborhood's architecture, renovating historic buildings while imbuing them with their own business's unique décor and ambience. Make sure to visit OMC Smokehouse, Duluth Grill, Duluth Art Institute, Lynette's Portrait Design, Love Creamery, Frost River Trading Co., Bent Paddle Brewing Co., DLH Clothing, Flora North and Duluth Tap Exchange.

TOURISM/ARTS

PLACES TO GO, THINGS TO DO, ATTRACTIONS & EVENTS

Residents know what makes Duluth special, and so do the 6.7 million people who visit annually. Tourism is one of the city's largest industries, creating well over \$950 million in annual direct economic impact. The past two decades represent an era of phenomenal growth and success in local tourism.

Duluth boasts a vibrant arts culture and is home to art museums, performance centers, community and college theater productions and numerous festivals throughout the year. The Marine Museum, Glensheen Mansion and the Great Lakes Aquarium are some of the most visited attractions in Minnesota. The Duluth Entertainment Convention Center (DECC) remains the area's top entertainment site, bringing in diverse talent and drawing thousands of annual visitors to venues such as AMSOIL Arena and Bayfront Festival Park. And the historic NorShor Theatre has been transformed and reopened, thanks to a \$30.5 million renovation.

Many people also enjoy the abundant outdoor recreational opportunities – special parks, trails and Northern Minnesota's spectacular wilderness – all year round. Duluth welcomes visitors from all over the world as they trek north to the scenic North Shore of Lake Superior to view vibrant autumn colors, pristine, snow-covered forests, a profusion of wildflowers in spring and the sparkling Lake Superior shoreline in summer.

Canal Park and its picturesque Lakewalk along the western shore of Lake Superior is a perfect destination for fresh air and great shopping. In winter, residents and visitors alike keep warm with a range of winter activities including skiing, snowboarding, skating, hockey, snowshoeing, fat biking and ice fishing. ■

LODGING

HOTELS, MOTELS, RESORTS AND BED & BREAKFASTS

Duluth is a premier year-round tourism destination, providing ample and varied lodging to define your experience. Whether seeking a romantic getaway, adventurous camping trip, budget-friendly weekend or a family vacation with the kids, Duluth delivers abundant lodging options to suit the needs of all visitors and families.

Varied neighborhoods: The Duluth area boasts several distinct neighborhoods with plentiful lodging. Enjoy the Lake Superior shore up close while viewing ships from your hotel room in Canal Park. Once a barren warehouse district, Canal Park is now a booming tourist area with dozens of boutique shops and restaurants located within walking distance of Duluth's iconic Aerial Lift Bridge. Nightlife, theater and great shops are easily found in the downtown district, accessible through Duluth's extensive skywalk system. West Duluth – tucked into a cozy little valley, with Lake Superior and the St. Louis River on one side and the rolling hillside on the other – has been redefining itself as a crafts district, featuring outstanding breweries, manufacturers of tough outdoor apparel and daypacks, and small businesses specializing in artisan crafts. Miller Hill includes Duluth's primary shopping corridor with specialty stores and casual dining restaurants. And East Duluth is home to bed and breakfasts with a wealth of historic architecture and gracious amenities to pamper guests.

Extraordinary properties: It's not just the neighborhoods that define the stay. Duluth hosts an eclectic blend of remarkable lodging options. Bringing the children? A water park resort and upscale lodging facilities in both downtown and Canal Park provide your family with flexibility and activities for every age. Romantic stay? Duluth boasts multiple historic and remarkable bed and breakfasts. Camping? Spirit Mountain Recreation Area offers 73 campsites with quick access to its Adventure Park featuring the Timber Twister Alpine Coaster, 9-hole mini golf course, disc golf, Timber Flyer Zip Line, lift-access mountain bike trail system, scenic chairlift rides, skiing and snowboarding.

With plentiful options, visitors are certain to find lodging accommodations to suit the perfect stay. ■

 Days Inn Duluth Lakewalk is a Duluth hotel offering a comfortable, logical, practical place to stay. This kind of familiar relaxation far out-weighs the high-end, high-frills amenities of other accommodations. Now, that doesn't mean we're no frills; it simply means we are no nonsense. That means you'll enjoy a low-key, high-comfort stay - just like home. All the things you expect in a hotel room are there for your comfort and pleasure. Convenient location for downtown, Canal Park or wherever your travels take you!

Every guest is pampered with perfect accommodations, complimentary evening campfire with s'mores. In the heart of Canal Park, where restaurants and shops abound, it's the perfect location – for the perfect getaway.

TRANSPORTATION

AIR, BUS, RAIL, HIGHWAYS & WORLD PORT

Duluth is easily reached by air (its international airport is just six miles from downtown) and by land via cars, buses and trains. And its busy international port is the farthest inland port in the world.

Located at the crossroads of three major highways and served by four Class 1 railroads, the Port of Duluth-Superior is one of the most efficient, centrally located, multimodal hubs in North America. The port is the largest tonnage port on the Great Lakes, and it's ranked among the top 20 ports nationwide. With about 800 vessel visits per year, the port provides support to a wide range of industries including agriculture, forestry, mining, manufacturing, power generation and passenger cruising. Outstanding maritime services are provided at the Port of Duluth-Superior, by far the largest and busiest port on the Great Lakes.

Duluth wouldn't be as accessible as it is without the finest urban freeway in the United States. I-35 runs through the heart of downtown with a tunneled freeway topped with beautiful gardens and parks. An \$81 million I-35 improvement project completed in 2012 has provided long-term improvements to bridges, pavement, lights, signs and traffic barriers. Fiber optic communication lines were also installed to enhance emergency services and Intelligent Transportation Systems.

I-35 from the south, Minnesota Highway 61 from the north, U.S. 2/53, I-535 from the east and U.S. 2/53 and Minnesota Highway 194 (Central Entrance) from the west all provide entry to downtown Duluth. In addition, the city of Superior, Wis., is just a bridge away. Whether drivers take I-535's 7,980-foot John A. Blatnik Memorial Bridge or U.S. Highway 2's 8,395-foot Richard I. Bong Memorial Bridge, they'll be crossing the longest bridges in Minnesota.

The Duluth Transit Authority (DTA) offers a vital public service by transporting over three million riders per year using one of the most technologically sophisticated transit systems of its size in the nation. In addition to its regular route services, the DTA offers services for disabled riders as well as its Port Town Trolley circulator between downtown Duluth, Bayfront and Canal Park during the summer months. In February 2016, the DTA opened its new \$30 million Duluth Transportation Center (a multimodal transportation facility) in the heart of downtown.

Duluth International Airport is the region's largest airport – only 10 minutes from downtown Duluth and 15 minutes from Superior, Wis. The airport provides safe, secure, customer friendly and progressive air transportation facilities that serve the traveling public while promoting economic growth across the region. Three major airlines offer service to major cities that have hundreds of connections to worldwide destinations – Delta, United and Sun Country.

Railroads have long and faithfully served Duluth, connecting lake and land transportation for farmers, the taconite industry and other industries and companies. Minnesota's railroads rank highly for their transport of iron ore and are well known for efficient agricultural product conveyance. Four railroads connect Duluth to major markets throughout the United States and Canada: BNSF Railway, Canadian Pacific, CN and Union Pacific. ■

UTILITIES

WATER/SEWAGE, GAS, ELECTRIC, COMMUNICATIONS

Duluth's water is drawn naturally from Lake Superior, the world's largest and purest expanse of fresh water. The abundance of this renewable resource, combined with Duluth's innovative treatment facilities, keeps our municipal water rates among the lowest in the region.

Electric service in Duluth is provided by Minnesota Power – An ALLETE Company, an investor-owned utility that offers residential electric rates consistently among the lowest in the Upper Midwest. The region's robust utility infrastructure also includes water, natural gas and sewage service provided by ComfortSystems through the City of Duluth's Public Works & Utilities Department.

Area residents and businesses take advantage of a wide variety of programs and services offered by the Western Lake Superior Sanitary District. They include recycling, materials recovery, hazardous waste disposal, and a yard waste and organics composting site. In addition, several garbage haulers and recyclers offer competitive rates.

Duluth is also home to a number of data centers and is served by companies that provide the sophisticated, information-based systems required by modern businesses ■

Western Lake Superior Sanitary District Helps Businesses and Residents Alike

Western Lake Superior Sanitary District (WLSSD) provides wastewater and solid waste services and oversight for a 530-square-mile region around Duluth that includes the cities of Duluth, Cloquet, Hermantown, Proctor, Carlton, Scanlon, Thomson, Wrenshall and nine surrounding townships.

WLSSD operates a wastewater treatment plant, yard waste and organic composting site, a hazardous collection site and solid waste transfer station in the Lincoln Park neighborhood of Duluth.

(Continued on next page.)

OUR ENERGY VISION IS YOUR CARBON-FREE FUTURE.

Together we're moving EnergyForward.

AN ALLETE COMPANY

EnergyForward

mnpower.com/CarbonFreeEnergyVision

WLSSD also operates its Materials Recovery Center solid waste recycling and disposal site in Rice Lake Township. Hours vary by facility and season.

Everything that goes “away” has a proper place in our community – whether it is flushed down a drain, tossed in the trash or recycled.

All businesses must have garbage disposal services. Businesses and industries in the WLSSD region can choose the hauler that suits their garbage and recycling needs. Garbage haulers are licensed and required to offer specific options for garbage and recycling services.

Reducing waste at work just makes sense! Save money and resources with wise purchasing, recycling and reusing. WLSSD can help. Staff members assist businesses with waste audits, discuss opportunities, help set up successful waste reduction and recycling programs, and are available to troubleshoot recycling and food waste challenges at your worksite.

Some items are banned from the garbage and need to be managed differently. Small amounts of appliances or electronics used in daily operations (like a break room television or a computer at an accounting firm) can be recycled for a fee at the Materials Recover Center (MRC).

There are also local licensed options for larger scale electronics recycling. Businesses wishing to recycle large amounts of electronics are encouraged to contact licensed electronics recyclers directly. Hazardous waste may be managed through WLSSD's Clean Shop program or other hazardous waste hauling services in the region. Contact WLSSD for information and advice about how to properly manage other wastes.

There are many options for curbside garbage and recycling service in the WLSSD service area. Residents in the WLSSD region can choose the waste hauler that suits their garbage and recycling needs. Self-hauling, or the transport of municipal solid waste (MSW, or everyday items we use and then throw away – product packaging, food scraps, “disposables” of all kinds) is prohibited in the District. Residents must use a trash hauling service.

The Materials Recovery Center provides residents with a disposal option for bulky items or demolition debris that do not fit into the garbage can. The Household Hazardous Waste Facility provides a disposal option for wastes like chemicals, solvents, pesticides and paint products.

WLSSD's Yard Waste Compost Site offers residents a disposal option for brush and branches, leaves, grass clippings, garden waste and other vegetative materials.

WLSSD's Materials Recovery Center, located at 4587 Ridgeview Road, is available for residents and businesses to dispose of or recycle many bulky items that don't fit in the trash can as well as other items (like appliances, tires and electronics) that should never go into the trash.

The image consists of three vertical panels. The first panel on the left is titled 'What goes here' in white text on a black background, showing a close-up of a metal trash can filled with dark waste. The middle panel is titled 'or here' in white text on a black background, showing a top-down view of a calm body of water reflecting a sunset or sunrise. The third panel on the right is titled 'ends up here.' in white text on a black background, showing a single water droplet suspended in mid-air above a pool of water, creating a clear reflection.

AdMax Displays Inc. specializes in delivering your message to outstanding audiences. Our distinctive displays are viewed at Tobies in Hinckley, six Minnesota malls and Canal Park in Duluth. From concept and copywriting through design and production, we bring your marketing messages to life - whether on a bus bench, backlit display, in the Duluthian magazine or Positively Superior magazine. AdMax is the publishing partner of the Duluth Area Chamber of Commerce and produces the Duluthian magazine, Chamber Xpress newsletter, the annual Chamber Business & Community Guide and Official Map of Duluth/Superior, sponsored by the Duluth Area Chamber of Commerce. AdMax also produces the Business Guide for the Superior/Douglas County Area Chamber of Commerce.

office@APEXgetsbusiness.com
APEX is the private-sector led business develop-
ment engine for northeast Minnesota and north-
west Wisconsin. APEX investor-members
represent some of the most influential companies
in the region, with a collaborative approach to

promoting sustainable economic growth for all peo-
ple. APEX attraction, expansion and retention
efforts focus in areas including aviation, manufac-
turing, professional services and next-generation
forest products. Since 2003, through these efforts,
APEX has impacted over 4,340 jobs in the region,
resulting in an annual regional payroll of over
\$177.9 million and contributing to over
\$24.5 million in state and local taxes annually.

(218) 728-5141 • (877) 245-0730
Days Inn Duluth Lakewalk is a Duluth hotel offering a comfortable, logical, practical place to stay. This kind of familiar relaxation far outweighs the high-end, high-frills amenities of other accommodations. Now, that doesn't mean we're no frills; it simply means we are no nonsense. That means you'll enjoy a low-key, high-comfort stay - just like home. All the things you expect in a hotel room are there for your comfort and pleasure. Convenient location for downtown, Canal Park or wherever your travels take you!

Duluth Energy Systems provides thermal energy for building heating and cooling in Duluth’s downtown and Canal Park district. The community energy system eliminates the need for building owners to

operate, maintain and repair on-site boilers and chillers. Duluth Energy Systems has heated most of the city’s prominent properties since 1932 and continues in that role, serving historic buildings as well as the city’s newest landmark properties. Are you connected?

Step back in time in Duluth's historic lakefront hotel, where you will be pampered by classic European-style service, gracious hospitality, fine

cuisine and luxurious accommodations – all on the shore of Lake Superior in the renovated 1880s Fitger's Brewery, listed on the National Register of Historic Places. Within our bluestone walls, you'll discover an array of unique, locally owned shops that have phenomenal offerings geared toward every member of the family, three great restaurants (all featuring seasonal outdoor dining), an award-winning micro-brewery and a salon and day spa. Fitger's offers free validated parking and is dog friendly. For information about Fitger's or the many great events that happen throughout the year, visit our website.

Fond du Lac Tribal & Community College brings together a tribal college and a state community college in partnership. With this partnership, Fond du Lac Tribal & Community College has a unique mission to provide higher education opportunities for its communities in a welcoming, culturally diverse environment. This collaboration offers all students, regardless of demographic background, the opportunity to learn in a comfortable and diverse environment. Founded in 1987, the college offers two-year associate degrees across a wide range of program areas. Programs are available in more than 30 fields of study. Popular programs include liberal arts, law enforcement, elementary education, child development, environmental science, electrical utility technology and geographic information systems. The College is a regionally accredited institution through the Higher Learning Commission and provides the perfect learning environment in which to meet the needs of our next generation of leaders. Tuition and fees are affordable and among the lowest college costs in the region. The college offers on-campus housing, intercollegiate athletics, student clubs and organizations, customized training and continuing education opportunities for professionals, community events and a positive atmosphere on campus.

Marshall School is Duluth's independent school, serving students ages 4 through 12th grade with distinctive and personalized educational programing. The Forest School at Marshall serves early learners ages 4 through 4th grade in both an indoor and up to 60% outdoor classroom setting. Marshall's middle school program (grades 5-8) emphasizes developing each learner into a suc-

cessful student and community member. The Upper School program at Marshall offers a personalized approach to learning, guiding each student to discover and develop their gifts and passions.

As an independent, locally owned business, we have worked hard for over 70 years to become the trusted source for gas and welding needs in the Twin Cities metro area, Duluth & Northern Minnesota and Northwestern Wisconsin. We maintain an exceptional customer service experience by helping first, always doing the right thing and hav-

ing a sense of urgency when it comes to your business. Our portfolio of products and services include industrial, medical and specialty gases, welding and cutting equipment, filler metals, abrasives, safety equipment and a repair center staffed by certified service technicians. Our fleet of delivery trucks allows us to offer next-day delivery on any of the gases and products that we have in stock. Given the opportunity, we are confident that we will not only meet your expectations, but also exceed them!

As a nationally top-rated college, the Northwood Technical College (formerly know as WITC) campus offers top-notch faculty and state-of-the-art technology, education that is dynamic, hands-on, focused career preparation and a variety of courses, career programs and delivery options. Northwood Technical College serves students through day, evening and online courses. Course offerings are available through general and community education as well as contact training partnerships with area business and industry. Northwood Technical College also offers continuing education courses that include myriad choices for the lifelong learner. Students at Northwood Technical College are able to custom-design programs to meet the needs of local employers and an employer with special training requirements can work with Northwood Technical College staff to create individualized course work as necessary.

This Duluth landmark is the longest operating Radisson Hotel, having opened in 1970. Our hotel and "retro" lobby have played host to celebrities such as Elvis Presely, Johnny Cash and Neil Diamond. The 268 uniquely shaped guestrooms offer mini-refrigerators, microwaves and Keurig Coffee Makers. Enjoy our indoor pool, sauna, comp wi-fi, parking and hotel shuttle. Visit JJ Astor Restaurant, the only revolving restaurant in the upper Midwest and enjoy mouthwatering meals and breathtaking views of Duluth.
