DULUTH AREA CHAMBER OF COMMERCE
2023 BUSINESS DIRECTORY
& COMMUNITY GUIDE

Thank you for supporting
local business.

TOGETHER, WE'RE BUILDING TOMORROW'S HEALTH CARE

Essentia Health's legacy and values come to life through the historic replacement of St. Mary's Medical Center, which will open in the third quarter of 2023. The future of health care is arriving today with St. Mary's Medical Center's transformation into an 18-story state-of-the-art, 342-bed hospital tower, the only Level I Adult and Level II Pediatric Trauma Center north of the Twin Cities.

Essentia Health is grateful for this opportunity to create an inviting and healing space for our patients and families while remaining committed to the economic vitality of our community.

COMMERCE

DULUTH AREA CHAMBER OF COMMERCE 2023 ACTION PLAN

MISSION

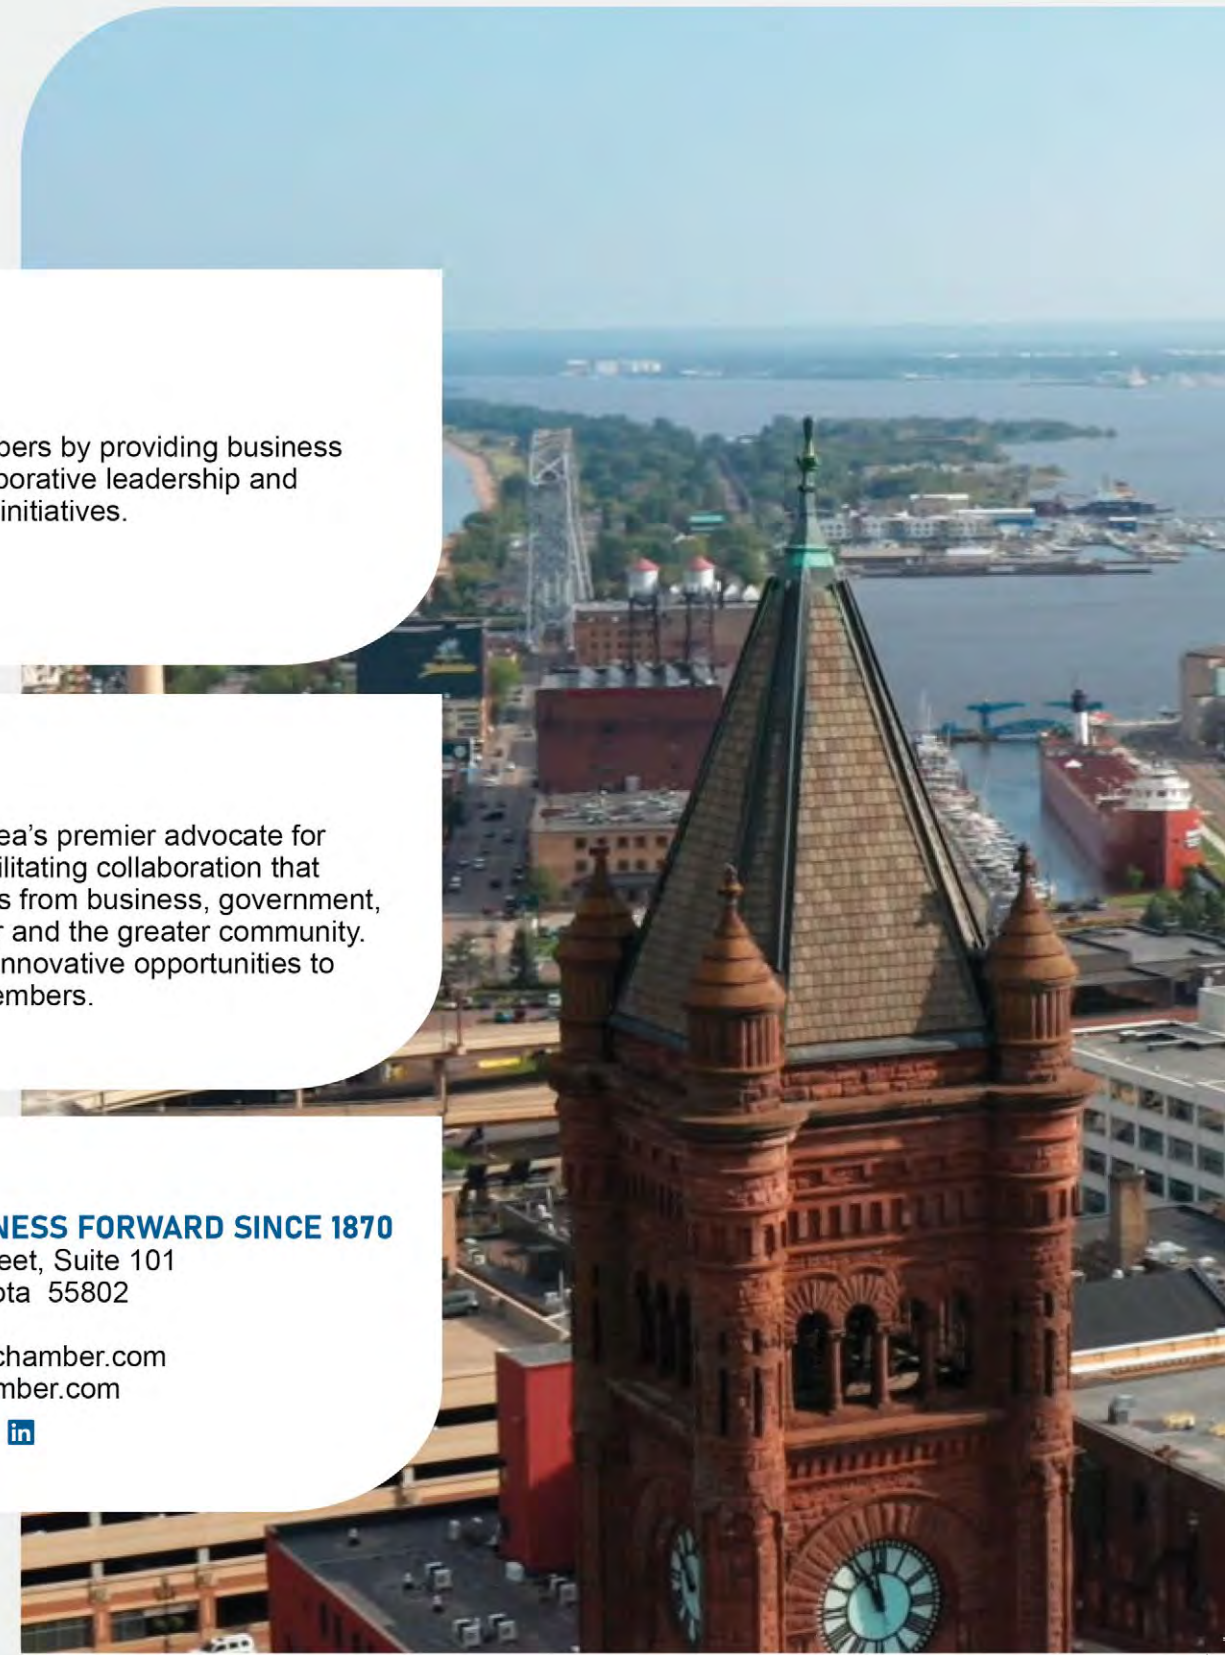

Serve our members by providing business advocacy, collaborative leadership and member-driven initiatives.

VISION

Serve as our area's premier advocate for business by facilitating collaboration that engages leaders from business, government, education, labor and the greater community. Actively create innovative opportunities to advance our members.

MOVING BUSINESS FORWARD SINCE 1870

2022: YEAR IN REVIEW

Our Chamber aims to ensure that Duluth is a great place to do business by providing resources, education, advocacy, and opportunities to grow. Together with our leadership team, staff, volunteers, and members, the Duluth Area Chamber of Commerce has been able to continue serving businesses in Northeastern Minnesota and beyond as the third largest chamber of commerce in the state.

2022 was a remarkable year for our Chamber. Our reach continues to grow exponentially around the state. Our events continue to serve top-notch programming and education. And, we are excited to have launched a new initiative that will deepen our impact on our members, community, and economy: the Duluth Area Chamber of Commerce Foundation.

Through the support of our members, the Chamber staff has been able to accomplish many of the goals put in place by our Board of Directors for the 2022 year.

2023:
A PLAN IN
ACTION

Each year the Duluth Area Chamber Board of Directors collaborates to define goals for the upcoming year. Those goals become the priorities that steer our annual advocacy efforts, events, programming, and initiatives.

The 2023 Action Plan you see to the right is unique in its format. This matrix defines our key initiatives for the year while delineating the Chamber's influence on each goal.

PILLARS ↔
The three pillars along the top: Business Conditions, Economic Development, and Community Progress serve as the Chamber's three most critical, foundational objectives. These pillars are the driving force behind all Chamber events, programming, advocacy efforts, educational offerings, and member engagements.

↕ **INFLUENCE**
The three gray arrows along the vertical axis identify the Chamber's capacity to influence each initiative. By conceptualizing priorities within this framework, the Chamber can operate in a space to **lead** with its mission and vision first; then, **collaborate** with local partners to achieve a goal; and finally, **support** additional organizations whose missions align with parallel initiatives.

Together, we will continue to ensure that the greater Duluth, Minnesota region continues to be a successful and encouraging place to do business in 2023 and beyond.

	BUSINESS CONDITIONS		ECONOMIC DEVELOPMENT		COMMUNITY PROGRESS	
	Research, monitor, and improve economic drivers that impact business operations.		Create pathways and seek solutions to attract and retain business and development.		Drive efforts that advance regional livability, labor environment, and population vitality.

Welcome to Our Beloved Community

Duluth is a vibrant community filled with remarkable people and places. We enjoy an extraordinary city that supports, cares for and creates opportunities for all residents.

If you have arrived on our shores, we are happy to have you join us. If you are considering making the Duluth area your home or place of business, wait no longer. We are ready to help you settle in for a lifetime.

Natural beauty and amenities, a diverse local economy and an adventurous and entrepreneurial spirit all converge to bring unparalleled opportunity to the area.

We are ready to show it off, and that is why our Chamber is making this Community Guide available to you. We believe the more you know about our community on the rise, the more you will be drawn to it. You will enjoy this big city with a small-town personality – a rugged outpost with a cosmopolitan flair.

With a fascinating history and heritage as a hard-working industrial town, we have balanced and diversified our industrial roots with tourism, financial services, health care, technology and higher education. Additionally, our growing reputation in the aviation industry illustrates that the sky is the limit for Duluth.

The Duluth Area Chamber of Commerce is the heart of our business community. We have served as the voice of business since 1870. We serve nearly 1,000 members by providing them the support they need to move forward.

Connect with us. We will clear the path for you within our beloved Zenith City on the shores of the greatest of the Great Lakes.

Thank you for your interest in this exceptional community.

Welcome.

DULUTH AT A GLANCE

CLIMATE

The proximity of Lake Superior, the largest of the Great Lakes, modifies local weather, causing cooler summer temperatures, warmer winter temperatures and a low frequency of severe storms.

Average Temperatures

	January	July
Daily Average	8.4 °F	65.5 °F
Maximum	17.9 °F	76.3 °F
Minimum	-1.2 °F	54.6 °F

HOUSING

HOME-BUYING, RENTING, BUILDING, REALTORS AND PROPERTY MANAGEMENT

Duluth's great livability and amenities have been recognized by several national magazines. The Washington Post ranked Duluth among the top 10 Great Cities in the U.S. for Outdoor Adventures; Livability listed Duluth in the top 10 Remote-Ready Cities in the U.S., and in 2022, RocketSolar named Duluth as the #1 Greenest City in the Midwest.

The city offers affordable single-family homes and condominium/town home properties, with newer upscale housing nearer to downtown. Large, older homes with panoramic views of Lake Superior line Duluth's extensive hillside, while beautiful, turn-of-the-century mansions line the coast of Lake Superior. Duluth's distinctive history is also evident in the western communities of Morgan Park and Spirit Mountain, where the homes and neighborhoods were originally created for U.S. Steel plant workers.

Rental options range from apartment complexes to older renovated homes to new townhomes. Many apartments are located near Duluth Transit Authority bus lines. Others include extra perks such as snow removal, controlled access and proximity to parks and other recreational areas. Many rental units and homes feature off-street parking, but for those that do not, alternate-side parking is effective year-round in Duluth.

Campus Park, Boulder Ridge and Summit Ridge offer popular housing destinations for local college students. BlueStone Lofts – a housing development near the University of Minnesota Duluth geared toward college students and professionals – opened in 2013 and the adjacent, upscale BlueStone Flats opened in spring 2016. The development's newest, Vue at BlueStone, opened in 2021 and features a variety of accommodations. All three complexes are within walking distance of The Shops at BlueStone, featuring restaurants and retail stores. Kenwood Village, a retail and housing complex on the corner of Kenwood Ave. and Arrowhead Road, and ENDI Apartments on the corner of 21st Ave. E. and London Road, also opened in 2016. Both feature upscale amenities as well as convenient access to retail shopping and restaurants.

District Flats at Miller Hill opened in 2018, providing 72 units in the heart of Duluth's Miller Hill Mall area and its diverse options for shopping, dining and entertainment. CityView Flats, which opened in late 2019, offers new luxury apartments in downtown Duluth near Lake Superior and Canal Park. New residential developments continue to open around the community. Enger Lofts and Lincoln Park Flats are new apartment options in the popular Lincoln Park Craft District; a large apartment complex in Hermantown – Aery – opened in 2021; and Cove Apartments opened late 2022 in downtown Duluth.

And there is more good news: Lake Superior College is working closely with the City of Duluth and a private developer to build a housing project near its college campus. The proposed development will include approximately 300 apartments. ■

ECONOMY

DEVELOPMENT, INVESTMENT AND EMPLOYMENT

The City of Duluth is the hub of a thriving region in northeastern Minnesota called the Arrowhead, and Duluth is positioned to benefit from economic opportunities for years to come.

Its international seaport – by far the busiest and largest by tonnage on the Great Lakes – provides our nation’s heartland access to the world through the St. Lawrence Seaway. The transport of natural resources such as iron ore, coal and limestone helped build the area’s economy and fuels its growth. Today, more than 11,500 jobs and \$1.5 billion in business revenues are tied to shipping through the Port of Duluth-Superior, which moves an average of 35 million short tons of cargo a year. In addition, shipments of grain, wind turbine components, forest products, steel and other energy-related, heavy-lift cargo have earned the port top honors as a highly efficient transportation hub. A nearly \$18 million redevelopment project at the Clure Public Marine Terminal, including a 26-acre expansion, is now complete. The first rail-served intermodal container ramp in the Twin Ports opened in March 2017 – an alliance between CN and Duluth Cargo Connect. The CN Duluth Intermodal Terminal now connects our region to containerized imports and exports through a rail network spanning the continent, providing direct service to East, West and Gulf Coast ports.

Duluth and its neighboring communities have benefited from the expansion of new industries in health care, precision manufacturing, metal fabrication and aerospace. The Duluth International Airport is a vital economic driver in retaining and developing new businesses throughout the region. It supports more than 5,000 aviation-related jobs at places such as the 148th Fighter Wing, Cirrus Aircraft, Monaco Air Duluth, Lake Superior Helicopters and Lake Superior College’s Minnesota Center for Advanced Aviation. With Delta, United Airlines and Sun Country serving approximately 300,000 business and leisure passengers annually, the airport is a key asset that generates a \$760.6 million annual economic impact.

In the past 10 years, the Duluth Airport has completed more than \$111 million in infrastructure improvements, including a new and improved fixed-based operator, a Category II instrument landing approach system, an auto-parking system, in-line baggage screening and a new passenger terminal. The new terminal is energy efficient, LEED certified and provides a first-class customer experience.

Around the Duluth area, approximately \$1.6 billion in community investments began in 2020. Nearly \$1 billion of that alone is coming from investment in the medical district. Costco Wholesale opened its doors in the fall of 2021, and multiple housing projects will bring much-needed residential spaces to the area.

The thriving tourism component of our city’s economy generates more than a \$950 million impact per year. Duluth annually welcomes 6.7 million visitors who enjoy diverse outdoor recreation opportunities all year round, as well as arts and entertainment.

Several organizations proactively partner to facilitate business expansion and retention in the Twin Ports. These groups include the City of Duluth, the Duluth Economic Development Authority, the Duluth Seaway Port Authority, the Duluth Area Chamber of Commerce, Minnesota Power, APEX (Area Partnership for Economic Expansion), Entrepreneur Fund, the Northland Small Business Development Center, the University of Wisconsin-Superior’s Small Business Development Center and Northspan. ■

BUILDING OUR CITY

DEVELOPMENT, INVESTMENT AND EMPLOYMENT

With a return to normalcy in 2022, Duluth saw its housing stock and vital businesses grow, with signifanct contributions from many mem-
bers of the Duluth Area Chamber of Commerce. ■

Decker Dwellings

4715 Decker Road
Chamber members involved: One Roof Com-
munity Housing, Benson Electric Co., Supe-
rior Glass Inc., Johnson Mertz Appliance

Located on a beautiful wooded lot, the
recently completed Decker Dwellings apart-
ment complex provides a wonderful new
home for its tenants. Since it's near the
Miller Hill Mall area next to Schneiderman's
Furniture, it also provides easy access to
shopping, groceries, restaurants, transpor-
tation and more.

Decker Dwellings was developed and is
owned by the nonprofit One Roof Commu-
nity Housing organization and is managed
by Strategic Housing Agency, which handles
all leasing, operations and building mainte-
nance.

The groundbreaking was in September
2020, and in late August 2021, tenants be-
gan moving into the building. All of the apart-
ments are now leased, and there's a waiting
list for those interested in any openings.

The total development cost for the build-
ing was \$11,321,838, with funding coming
from the Minnesota Housing Finance Agen-
cy, a Community Development Block Grant
through the City of Duluth, City of Duluth tax
increment financing and a State of Minne-
sota sales tax rebate. The project also bene-
fited from a Minnesota Power Energy Rebate
program. In addition, Duluth LISC (Local Ini-
tiatives Support Corp.) provided a predevel-
opment loan and helped convene partners
to help get the Decker project under way.

The 48,000-square-foot building has
three stories comprising 42 apartments: 11
three-bedroom units, 21 two-bedroom units
and 10 one-bedroom units. The develop-
ment provides four units to serve high-pri-

ority needs in assisting people experiencing
homelessness. It also provides five units to
serve people with disabilities.

Rent includes water, sewer and trash ser-
vices. Rent fees are based on household size
and household income (households between
the 50 percent and 80 percent area median
income limit):

The building includes laundry facilities on
each floor, an elevator, a community room,
an outdoor playground and basketball court,
on-site parking and 24-hour maintenance
service.

Smoke-free living and controlled access
entry are other amenities.

Each unit includes abundant closet space,
individually controlled high-efficiency heat-
ing and air conditioning, hardwood cabinets,
luxury vinyl-tiled kitchen/living room, Energy
Star-rated appliances and carpeted bed-
rooms.

Essentia Health's Vision Northland Project

Location: 425 E. Superior St.
Chamber members involved: McGough Con-
struction, The Jamar Company, Benson Elec-
tric, Parsons Electric, Arrowhead Concrete
Works

The monumental Essentia Health Vision
Northland project is well on its way to com-

pletion and is expected to open later this
year. Driving in downtown Duluth, people
have been able to watch the \$900 million
complex take shape – from the beginning of
construction in September 2019 to the full
enclosure of of the tower and clinic.

The interconnected new inpatient hospi-
tal and outpatient building for clinic space
stands 19 stories over the combined build-
ing's Superior Street elevation. The struc-
ture rises 340 feet above Superior Street,
296 above First Street and 292 feet above
Second Street. Vision Northland contains
more than 12,000 tons of structural steel
and will encompass 942,000 square feet
when completed.

By building vertically, Essentia has de-
creased its footprint on the downtown
Duluth campus by 240,000 square feet
while simultaneously replacing its existing
St. Mary's Medical Center – consolidating
its campus while tying into two of its existing
clinics. And all of this careful construction
work took place while patients continued to
receive care at the existing St. Mary's hospi-
tal and in the emergency room.

Essentia's stated goal to transform its
medical campus through this state-of-the-
art facility is to design a project that dem-
onstrates its commitment "to the health
of its patients, the economic vitality of the
community and the work environment for its

Steve Isola

staff.”

Conceptual planning began in 2017, design development began in early 2018 and the groundbreaking event took place on September 25, 2019. The final beam raising and “topping out” ceremony – a builder’s tradition to celebrate when the last beam is placed atop a structure – took place on November 9, 2021. That last beam features a medallion with a Benedictine cross, which is a duplicate of the cross on the Essentia Health-St. Mary’s Medical Center.

Vision Northland’s completion is slated for the first quarter of 2023, and Essentia expects to start providing patient care in 2023’s third quarter.

A new helipad will include swifter patient transport to the Emergency Department, so that care teams can deliver treatment more quickly. Patients will be transported down one high-speed elevator, exiting immediately to the trauma/resuscitation bay, where emergency imaging and scanning equipment are available. The rooftop space for the helicopters is larger and includes two separate areas for multiple helicopters. There is also a patient care space and an area where staff can stabilize patients before moving them into the hospital.

An expansive rooftop garden/plaza will include a panoramic view of Lake Superior all the way to Two Harbors. The rooftop garden will offer all patients, family members and visitors a restful and peaceful space to connect with nature.

A cafeteria with a balcony overview of the lake will be located on the amenities floor, and the dining commons connects to the outpatient surgery area, providing a pleasant waiting space for family and relatives of those undergoing surgery. The amenities floor also has a chapel and a retail area, including a gift shop. Conference rooms with state-of-the art AV equipment are part of the project’s design as well.

Parking space will be available in Essentia’s current ramps, including the Red, Green and First Street Ramps, as well as a new city ramp at First Street and Fourth Avenue East and all the surface lots.

LSS Bethany

Location: Morgan Park
Chamber members involved: DSGW Architects, Veit Companies, Donald Holm Construction Co., Contract Tile and Carpet LLC

The new Lutheran Social Services Bethany building replaces the former Bethany Crisis Shelter in Morgan Park, which was originally designed as a split-level, single-family home. After five decades in the current building, a new space was greatly needed to provide more flexibility to effectively address the needs of the youth LSS serves and to meet current building standards.

Initially, there was discussion about renovating the existing building, but it soon became apparent that an entirely new building, built on the same land as the current facility, was the best plan. Programs and services LSS Bethany provides include the Youth Emergency Shelter, the Runaway and Homeless Youth Program and the Family Resource Center.

The 11,000-square-foot building will provide more space for services LSS wanted to add and to better meet the needs for its residential facility, which houses 12 children. Groundbreaking took place in May 2021 and is now open. The old facility has been demolished, affording more green space for outdoor recreation for the children.

One of the biggest additions is a Family Resource Center to allow for parental support and education, plus visitation and other services. In addition to the services that children have been receiving, LSS Bethany offers prevention and early intervention services for families, parent coaching, behavioral health, family visitation, reunification support and referral to other helpful community services. It also features customized care rooms, space for supervised visitation, family coaching, parent education classes and enhanced space to care for children and strengthen families.

Duluth’s Lutheran Social Service of Minnesota (LSS), one of the largest and oldest human service nonprofits in the state, has

a hundred-year history of serving children and families. Each year, it connects one in 65 Minnesotans to community, health, safety, housing and prosperity through personalized support. With a comprehensive range of innovative services and networks, LSS has a presence in all 87 Minnesota counties.

Part of LSS’s vital mission in Duluth is operating the Bethany Crisis Shelter in West Duluth, which opened in 1916 as the Bethany Children’s Home. The facility was established by the Swedish Lutheran Churches of Duluth and Superior, and funds were collected by churches for an orphanage to support homeless children in Northern Minnesota and Northwest Wisconsin.

Since the 1970s, Bethany Crisis Shelter’s current building has served as short-term, emergency housing in a safe, residential setting in the Morgan Park neighborhood. There, the staff provides 24/7 support for the physical and emotional needs of youth ages 7-18 in crisis. They are referred to the shelter by county social service providers, the court system and area law enforcement.

These children are often experiencing one or more of the following circumstances: family conflict, parental neglect, physical or sexual abuse, running away, delinquency, truancy, school difficulties, chemical abuse, emotional difficulties or past or current out-of-home placement.

At Bethany, children receive emergency foster care, supervised daily living, homebound education, recreational programming, weekly discussion groups, individual counseling and goal setting and transportation.

The facility supports youth using a strengths-based approach, recognizing the unique reality of each young person’s situation. The program emphasizes responsible behavior, healthy relationships and working to achieve goals. Bethany and LSS work in partnership with many other organizations in the community to support these children and their families.

Lincoln Park Flats

Location: 2102 W. Superior St.
Chamber members involved: A.W. Kuettel & Sons, Sheet Metal Solutions, St. Germain’s Cabinet Inc., Sinnott Blacktop LLC

P&R Companies has opened the doors of its newest apartment complex – Lincoln Park Flats – in the heart of Duluth’s grow-

ing Lincoln Park Craft District. P&R began construction of the building in May 2021 at the site of the former Robert’s Home Furnishings.

The four-story complex houses 74 residential apartments including studio, one- and two-bedroom units with a variety of layouts and styles. And since it’s in the Craft District, the new development offers residents the convenience of urban living in an area of the city that is seeing a complete renaissance with a focus on locally made goods.

This eclectic neighborhood is a place where residents and visitors can browse in a gallery, studio or workshop, shop for handcrafted goods made by local merchants, or enjoy gourmet foods with locally grown ingredients at great restaurants.

Ryan Nelson and Peter Pavlovich first met in 2002 when they were both young plumber’s apprentices. They worked for Stout Mechanical for several years before opening their own business, P&R Plumbing and Heating Inc., in 2010.

They added P&R Properties Twin Ports LLC to the company in 2012, seeing a need for upscale, new market-rate properties in the city of Superior, Wisconsin, where P&R has built the Village Apartments of Superior, Onyx of Superior, 320 North and Central Flats. Nelson and Pavlovich then crossed the bridge to Minnesota, building Aery in Hermantown and now Lincoln Park Flats.

In 2019, P&R Contracting was added to the portfolio, creating a self-performing company for all the new Twin Ports developments to be built by P&R. In 2020, Nelson and Pavlovich doubled the office space at their Lincoln Park location at 2306 West Superior Street in 2020, added a warehouse on Garfield Avenue in 2021 and remodeled the Lincoln Park office in 2022.

In the years since the company was launched, it has grown from “just two guys” operating out of a garage to a three-division development company with more than 85

employees today.

The Lincoln Park Flats project provided more than 50 local union jobs, and more than 100 families were supported by these local jobs. Eighty percent of the building comprises market-rate units and 20 percent are affordable housing units.

All 74 units were leased as of April, and residents began moving into their new homes on June 1.

The east-facing apartments have views of the St. Louis River and Twin Ports harbor, while the west-oriented units face Duluth’s hillside with views of the iconic Enger Tower.

The Cultural North

Location: 3907 Grand Ave.

For the past 10 years, The Cultural North, a multi-faceted design agency with a unique mission, has been working with their clients

to build their brands and websites and to pursue a variety of different types of campaigns to make their companies work more efficiently.

Its mission has been to “craft powerful designs that grow along with their clients.” They previously worked in their shared of-

fices in the Bagley Building in downtown Duluth, and now their mission continues in their offices on Grand Avenue, a building that they are currently remodeling.

Building brands is something they see as critically important to give their clients an instant association with a company identity. The Cultural North works to make a company’s website an extension of the business itself using creativity, strategy, and technology, all coming together seamlessly. They use filming and animation to combine story, music, visuals and editing to strengthen their clients’ messages.

The Cultural North has worked with a va-

riety of companies, nonprofits and organizations including Bent Paddle; One Roof Community Housing; Arrowhead Community Employment; Great Lakes Aquarium; Exodus Machines; Yellow Bike Coffee; Heirloom Property Management; Cedar + Stone; St. Louis River Quest; the Duluth Superior Symphony Orchestra; Amity Coffee; Locally Laid Eggs; Red Herring Lounge; Encompass Learning; Three Bridges Global, Lake Avenue Restaurant and Bar, and many more.

The Cultural North’s partners are Beau Walsh, founder and creative director, and Aaron Johnson, director of business development. Their employees are Dakota Rice, sales consultant; Ethan Gibbs, web developer; Kaley Herman, project manager and writer; Madeline Roberts, graphic designer; Gavin Froese, marketing manager; and Brynn Wilson, sales consultant.

Together, the partners and their team are dedicated to uplifting culture and work by sharing their values – clarity, intentionality and humanity – and by providing a variety of ways for companies to access information and suggestions for advancement. To accomplish these aspirations, they began looking for a building that would give them a suitable environment for their work as a team and a place to meet and confer with their clients.

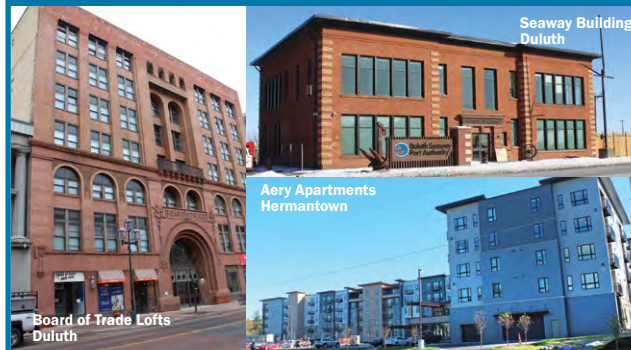

Vitta Pizza

Location: 23 W. Central Entrance
Chamber members involved: Advanced Design Awnings & Signs, Benson Electric Company, Great Lakes Stone Supply, LouAda Granite, Bell Bank

Vitta in Italian means “life.” Owners Brad

CARPET • HARDWOOD • LAMINATE • VINYL • CERAMIC

The Area’s Leader in Commercial and Industrial Floor Coverings.

CONTRACT
TILE AND CARPET, LLC
COMMERCIAL FLOORING SPECIALISTS

537 Garfield Ave. Duluth, MN 55802 • 218-723-4056 • Fax 218-723-4058 • www.contracttileandcarpet.com

and Christie Erickson's second Vitta Pizza location, that opened this past fall on Central Entrance, will bring new life and convenience to the local restaurant scene

Brad and Christie are Duluth natives who both graduated from UMD; afterward, Christie obtained her masters at St. Scholastica. They leased a space in Canal Park, formerly a bookstore, and opened their first Vitta Pizza in 2011.

But they wanted to expand from Canal Park and make it more convenient – a building with a drive-up window, allowing people to dine in or order online and then pick up their pizza at a window.

Brad did considerable research for their original menu for Canal Park, looking to the first authentic Italian pizza from the 1600s, and using an Italian wood-fired oven to create authentic Neapolitan flavor.

The remodeled interior on Central Entrance has a 1960s funky vibe, with marquee lights, wooden tables, booths, and Italian photos and signs.

Blacklist Brewing Co.

Location: 206 E. Superior St.

Chamber members involved: Hunt Electric

Where else locally can customers go to enjoy on-site-brewed craft beers or flavored hard seltzers and stay for a spirited game of axe-throwing? The new location of Blacklist Brewing Co. in the HART District of Downtown Duluth is the only place in the region to offer all that and much more.

After outgrowing their previous location at 120 East Superior Street, the owners of Blacklist were looking for a new place to set up their brewery location and taproom and to hang up their axes. Just down the street is their new place in the Lange Motor Building, originally built in 1915.

The Blacklist team is also excited about Robert Giuliani's authentic Mexican restaurant, Tacos Tacos Tacos, moving in next door

to them in the site of the former T-Icy Roll location. Tacos Tacos Tacos also recently held their second-annual taco-eating contest at Blacklist Brewing Co. Ten contestants competed to see who could eat twenty tacos the fastest in less than 30 minutes.

Blacklist co-owner TJ Estabrook is a practicing tax lawyer who also works in mergers and acquisitions and as a Pella Distributor. He has long had a love for craft beer and wanted the opportunity to be a craft-brewery owner.

In 2015, he became the majority partner of Blacklist with co-owners Mark Cool, Tyler Kocon and Schanzenbacher. Estabrook now mainly works with distribution and product-development for the business.

Blacklist's storefront includes a glass garage door, so people walking by can look in to see what is going on inside. The garage door can be opened in good weather, and there's a small patio right outside for patrons to enjoy, as well.

Inside, cozy booths, comfortable couches

and tables and chairs for different-sized groups are spread out in the taproom area for an airy ambiance. Plans are in the works to add more to the interior decor of the taproom, too. A private room for parties and music add to what the space has to offer for customers.

EDUCATION

PUBLIC AND PRIVATE SCHOOLS & UNIVERSITIES, EARLY CHILDHOOD PROGRAMS & CHILD CARE

Home to a wide array of learning institutions – from early childhood to post-secondary schools – the Duluth region boasts an excellent and diverse educational system that provides lifelong learning opportunities for residents of all ages.

Early childhood education options are abundant and meet the needs of children and families. Parents are able to make educated choices regarding where to enroll their children during these formative years of rapid growth and development. The community offers private and public early childhood programs, full- and part-time programs, nursery school, family child care and licensed and nationally accredited child-care centers with infant through school-age programs.

This year marks 10 years since the completion of the Duluth Public Schools Long Range Facilities Plan - designed to create a more efficient school system focused on providing an education rivaling the best Minnesota has to offer while serving to attract tomorrow's families with the best possible schools. Benefits include critical investments for safety and education quality; smarter use of school resources; greener, more energy-efficient schools; and value for taxpayers.

In total, 13 schools throughout the city have been completely transformed into modern, sustainable, quality learning facilities. For those looking outside of the city limits, surrounding public school districts such as Proctor, Hermantown, Esko and Superior also offer quality education to make the best choice for your family.

Additionally, three major universities, a number of community colleges and several specialized business schools are located in the Duluth area. University students comprise approximately 18 percent of Duluth's population. These students – who hail from the Duluth area and across Minnesota, the nation and the world – are a major economic driver for the area and provide regional employers immediate access to an educated workforce. ■

SCHOOLS - PRIVATE / INDEPENDENT

Marshall School
1215 Rice Lake Road
Duluth, MN 55811
218-727-7266
www.marshallschool.org
Marshall School is Duluth's independent school, serving students K through 12th grade with distinctive and personalized educational programming. The Forest School at Marshall serves early learners K through 4th grade in both an indoor and up to 50 percent outdoor classroom setting. Marshall's middle school program (grades 5-8) emphasizes developing each learner into a successful student and community member. The Upper School program at Marshall offers a personalized approach to learning, guiding each student to discover and develop their gifts and passions.

SCHOOLS - UNIVERSITIES & COLLEGES

Fond du Lac Tribal & Community College
2101 - 14th St.
Cloquet, MN 55720
218-879-0800
www.fdltdcc.edu
Fond du Lac Tribal & Community College brings together a tribal college and a state community college in partnership. With this partnership, Fond du Lac Tribal & Community College has a unique mission to provide higher education opportunities for its communities in a welcoming, culturally diverse environment. This collaboration offers all students, regardless of demographic background, the opportunity to learn in a comfortable and diverse environment. Founded in 1987, the college offers two-year associate degrees across a wide range of program areas and a Bachelor of Science degree in Elementary Education. Popular programs include liberal arts, law enforcement, elementary education, child development, environmental science, electrical utility technology and geographic information systems. The College is a regionally accredited institution through the Higher Learning Commission and provides the perfect learning environment in which to meet the needs of our next generation of leaders. Tuition and fees are affordable and among the lowest college costs in the region. The college offers on-campus housing, inter-collegiate athletics, student clubs and organizations, customized training and continuing education opportunities for professionals, community events and a positive atmosphere on campus.

Lake Superior College
2101 Trinity Road
Duluth, MN 55811
218-733-7601
www.lsc.edu
Lake Superior College (LSC) is a comprehensive two-year community and technical college offering more than 90 programs, including liberal arts and science courses for transfer, technical and trades programs, allied healthcare and nursing programs and continuing education and customized training for business

and industry. LSC is a member of the Minnesota State System and is the largest two-year college in northeastern Minnesota. LSC is also a leader in on-line courses and offers competitive DIII athletics. LSC was recently ranked as the top community college in the state and among the top 25 in the nation.

Northwood Technical College
600 N. 21st St.
Superior, WI 54880
715-394-6677
www.northwoodtech.edu
As a nationally top-rated college, the Northwood Tech Superior campus offers top-notch faculty and state-of-the-art technology, education that is dynamic, hands-on, focused career preparation and a variety of courses, career programs and delivery options. Northwood Tech - Superior serves students through day, evening and online courses. Course offerings are available through general and community education as well as contact training partnerships with area business and industry. Northwood Tech also offers continuing education courses that include myriad choices for the lifelong learner. Students at Northwood Tech are able to custom-design programs to meet the needs of local employers and an employer with special training requirements can work with Northwood Tech staff to create individualized course work as necessary.

GOVERNMENT

LOCAL, STATE AND NATIONAL

The mayor is elected for four-year terms. Four at-large councilors representing the City of Duluth as a whole and five councilors representing specific precincts are also elected to four-year terms. There are no term limits in Duluth. City council meetings are held the second and fourth Mondays of each month at 7 p.m. in the Council Chamber at City Hall. You can visit www.duluthmn.gov/clerk/council/schedule.cfm or call 218-730-5740 for a complete schedule.

Duluth governs with a strong mayor-council form of government. Policy proposals from the city administration are presented to a nine-member city council for approval. Resolutions and ordinances become law when they are approved by the city council and signed by the mayor.

Duluth mayors appoint a chief administrative officer for an indefinite term. The CAO, for all practical purposes, runs the day-to-day operations of the city, with the exception of the attorney's office, which is operated independently. For more information, visit the City of Duluth's website at www.duluthmn.gov. ■

HEALTH CARE

ASSISTED AND INDEPENDENT SENIOR LIVING, CLINICS, HOSPITALS, NURSING HOMES

Residents of Duluth and our region have outstanding, award-winning care within their reach. The excellent reputation of Duluth’s health-care industry attracts patients from as far as Canada, International Falls, Brainerd and Upper Michigan. Patients can choose from two world-class health-care systems and numerous smaller, privately owned facilities.

Many senior-care, assisted living and nursing home options are also available in Duluth. State-of-the-art medical and rehabilitative facilities, comfortable living arrangements and creative social activities are among the assets provided at Duluth’s elder care centers.

In addition to providing outstanding care, the area’s health-care sector provides jobs and serves as a strong economic driver, totaling approximately 28 percent of the regional economy. Furthermore, local universities, including the Duluth campus of the University of Minnesota Medical School, The College of St. Scholastica, Lake Superior College and Northwood Technical College, draw an abundance of medical students from around the nation and world, invigorating the Duluth economy with a fresh, new source of talent. ■

MILITARY

NATIONAL GUARD, NAVY, COAST GUARD AND RECRUITING

Duluth strongly supports the region's military members and their families. In 2010, the city was officially proclaimed a "Yellow Ribbon City" by Minnesota's governor, in conjunction with the Minnesota National Guard's "Beyond the Yellow Ribbon" program. From the Minnesota Army National Guard and Minnesota Air National Guard to the United States Coast Guard, each local military unit contributes to the strength of Duluth through the jobs provided and the overall economic impact delivered.

The 148th Fighter Wing, one of the largest employers in the area, supplies more than 1,000 jobs and generates a yearly economic impact of more than \$90 million. Seven years after a successful "Save the Base" mission leading to the acquisition of new state-of-the-art airplanes, the 148th succeeded in becoming one of only six active associate units in the country. The designation means bringing active-duty Air Force personnel to Duluth to work with and train current guardsmen and guardswomen. Accomplished through a sustained, cooperative effort beginning in 2008, active association status provides a boost to the local economy and greater long-term stability to the base.

Photo courtesy of 148th Fighter Wing

The 148th Fighter Wing has a strong record and long list of accomplishments. Notable accomplishments in recent years include: the 2008 Raytheon Trophy, which is given to the best fighter units in the U.S. Air Force; the 2013 and 2016 NGAUS (National Guard Association of the United States) Distinguished Flying Unit Plaque; 2013 Excellent Operational Readiness Inspection; Air Force Outstanding Unit Award in 2007, 2008, 2009 and 2012; Air Force Association Outstanding Air National Guard Flying Unit Award in 2006, 2009, 2011 and 2012; and the Nathan Altschuler Outstanding Education and Training Program Award in 2012.

Additionally, the United States Coast Guard employs more than 130 people in the Duluth/Superior region and the Army National Guard is responsible for roughly \$21 million in both salaries (state and federal) and other expenses. Together, the local military strengthens Duluth's economy. By proudly serving their country, they're proudly serving us. ■

www.148fw.ang.af.mil

The 148th Fighter Wing – the Duluth based Air National Guard unit – flies the Fighting Falcon, the F-16CM Block 50, the newest F-16 in the Air Force fleet. The wing performs Aerospace Control Alert, protecting America's skies 24 hours a day. The 148th is one of two Air National Guard wings tasked to provide Suppression of Enemy Air Defense (SEAD) support for our nation.

The 148th mission is to "provide ready airmen to defeat America's enemies and rapidly respond to state and community needs." When Minnesota Air National Guard units are not mobilized or under federal control, they

report to the governor, supervised by the adjutant general. The dual federal-state mission is unique in the military and sets the National Guard apart from any other reserve component.

In addition to being available when our state and nation needs it, the 148th provides the Airfield Fire Department, the sole crash and rescue service provider for the Duluth International Airport, providing 24/7 coverage.

TOURISM/ARTS

PLACES TO GO, THINGS TO DO, ATTRACTIONS AND EVENTS

Residents know what makes Duluth special, and so do the 6.7 million people who visit annually. Tourism is one of the city's largest industries, creating more than \$950 million in annual direct economic impact. The past two decades represent an era of phenomenal growth and success in local tourism.

Duluth boasts a vibrant arts culture and is home to art museums, performance centers, community and college theater productions and numerous festivals throughout the year. The Marine Museum, Glensheen Mansion and the Great Lakes Aquarium are some of the most visited attractions in Minnesota. The Duluth Entertainment Convention Center (DECC) remains the area's top entertainment site, bringing in diverse talent and drawing thousands of annual visitors to venues such as AMSOIL Arena and Bayfront Festival Park. And the historic NorShor Theatre has been transformed and reopened, thanks to a \$30.5 million renovation.

Many people also enjoy the abundant outdoor recreational opportunities – special parks, trails and Northern Minnesota's spectacular wilderness – all year round. Duluth welcomes visitors from all over the world as they trek north to the scenic North Shore of Lake Superior to view vibrant autumn colors, pristine, snow-covered forests, a profusion of wildflowers in spring and sparkling Lake Superior shoreline in summer.

Canal Park and its newly renovated Lakewalk along the western shore of Lake Superior is a perfect destination for fresh air and great shopping. In winter, residents and visitors alike keep warm with a range of winter activities including skiing, snowboarding, skating, hockey, snowshoeing, fat biking and ice fishing. ■

CONFERENCE CENTERS

CONFERENCE CENTERS AND MEETING SERVICES

Duluth has long been a premier gathering place for a very good reason – the number and scope of spaces available for any kind or size of event.

It all begins with the Duluth Entertainment Convention Center, or DECC, the premier destination gathering place in the Northland since 1966. The multi-purpose center has been home to the University of Minnesota Duluth Bulldogs from the start, and the Duluth Curling Club since 1968 when Pioneer Hall was built. The Duluth Superior Symphony Orchestra also calls the DECC home for its performances.

In 2010 another large and historic event center opened, the Clyde Event Center at the former Clyde Iron Works, with a venue that can accommodate up to 1,200 people.

For more intimate events and business meetings, there are a host of options that include full-service conference and party rooms at area hotels such 14 flexible meeting rooms at the Holiday Inn & Suites to Pier B Resort with three meeting spaces, including the Rooftop Harborside Deck, which can accommodate 150 people and gives the most amazing view of Duluth's working harbor. ■

LODGING

HOTELS, MOTELS AND RESORTS

Duluth is a premier year-round tourism destination, providing ample and varied lodging to enhance your experience. Whether seeking a romantic getaway, adventurous camping trip, budget-friendly weekend or a family vacation with the kids, Duluth delivers abundant lodging options to suit the needs of all visitors and families.

Varied neighborhoods: The Duluth area boasts several distinct neighborhoods with plentiful lodging. Enjoy the Lake Superior shore up close while viewing ships from your hotel room in Canal Park. Once a barren warehouse district, Canal Park is now a booming tourist area with dozens of boutique shops and restaurants located within walking distance of Duluth's iconic Aerial Lift Bridge. Nightlife, theater and great shops are easily found in the downtown district, accessible through Duluth's extensive skywalk system.

West Duluth – tucked into a cozy little valley, with Lake Superior and the St. Louis River on one side and the rolling hillside on the other – has been redefining itself as a crafts district, featuring outstanding breweries, manufacturers of tough outdoor apparel and daypacks and small businesses specializing in artisan crafts.

Miller Hill includes Duluth's primary shopping corridor with specialty stores and casual dining restaurants. And East Duluth is home to bed and breakfasts with a wealth of historic architecture and gracious amenities to pamper guests.

Extraordinary properties: It's not just the neighborhoods that define the stay. Duluth hosts an eclectic blend of remarkable lodging.

Bringing the children? A water park resort and upscale lodging facilities in both downtown and Canal Park provide your family with flexibility and activities for every age.

Romantic stay? Duluth boasts multiple historic and remarkable bed and breakfasts.

Camping? Spirit Mountain Recreation Area offers 73 campsites with quick access to its Adventure Park, featuring the Timber Twister Alpine Coaster, 9-hole mini golf course, disc golf, Timber Flyer Zip Line, lift-access mountain bike trail system, scenic chairlift rides, skiing and snowboarding.

With plentiful options, visitors are certain to find lodging accommodations to suit the perfect stay. ■

TRANSPORTATION

AIR, BUS, RAIL, HIGHWAYS AND WORLD PORT

Duluth is easily reached by air (its international airport is just six miles from downtown) and by land via cars, buses and trains. And its busy international port is the farthest inland port in the world.

Located at the crossroads of three major highways and served by four Class 1 railroads, the Port of Duluth-Superior is one of the most efficient, centrally located, multimodal hubs in North America. The port is the largest tonnage port on the Great Lakes, and it’s ranked among the top 20 ports nationwide. With about 800 vessel visits per year, the port provides support to a wide range of industries, including agriculture, forestry, mining, manufacturing, power generation and passenger cruising. Outstanding maritime services are provided at the Port of Duluth-Superior, by far the largest and busiest port on the Great Lakes.

Duluth wouldn’t be as accessible as it is without the finest urban freeway in the United States. I-35 runs through the heart of downtown with a tunneled freeway topped with beautiful gardens and parks. An \$81 million I-35 improvement project completed in 2012 has provided long-term improvements to bridges, pavement, lights, signs and traffic barriers. Fiber optic communication lines were also installed to enhance emergency services and Intelligent Transportation Systems.

I-35 from the south, Minnesota Highway 61 from the north, U.S. 2/53, I-535 from the east and U.S. 2/53 and Minnesota Highway 194 (Central Entrance) from the west all provide entry to downtown Duluth. In addition, the city of Superior, Wis., is just a bridge away. Whether drivers take I-535’s 7,980-foot John A. Blatnik Memorial Bridge or U.S. Highway 2’s 8,395-foot Richard I. Bong Memorial Bridge, they’ll be crossing the longest bridges in Minnesota.

lines offer service to major cities that have hundreds of connections to worldwide destinations – Delta, United and Sun Country.

Railroads have long and faithfully served Duluth, connecting lake and land transportation for farmers, the taconite industry and other industries and companies. Minnesota’s railroads rank highly for their transport of iron ore and are well known for efficient agricultural product conveyance. Four railroads connect Duluth to major markets throughout the United States and Canada: BNSF Railway, Canadian Pacific, CN and Union Pacific. ■

UTILITIES

WATER/SEWAGE, GAS, ELECTRIC, COMMUNICATIONS

Duluth's water is drawn naturally from Lake Superior, the world's largest and purest expanse of fresh water. The abundance of this renewable resource, combined with Duluth's innovative treatment facilities, keeps our municipal water rates among the lowest in the region.

Electric service in Duluth is provided by Minnesota Power – an ALLETE Company, an investor-owned utility that offers residential electric rates consistently among the lowest in the upper Midwest. The region's robust utility infrastructure also includes water, natural gas and sewage service provided by Comfort-Systems through the City of Duluth's Public Works & Utilities Department.

Area residents and businesses take advantage of a wide variety of programs and services offered by the Western Lake Superior Sanitary District. They include recycling, materials recovery, hazardous waste disposal and a yard waste and organics composting site. In addition, several garbage haulers and recyclers offer competitive rates.

Duluth is also home to a number of data centers and is served by companies that provide the sophisticated, information-based systems required by modern businesses. ■

Western Lake Superior Sanitary District Helps Businesses and Residents Alike

Western Lake Superior Sanitary District (WLSSD) provides wastewater and solid waste services and oversight for a 530-square-mile region around. Staff assist businesses with waste audits, discuss opportunities, help set up successful waste reduction and recycling programs and are

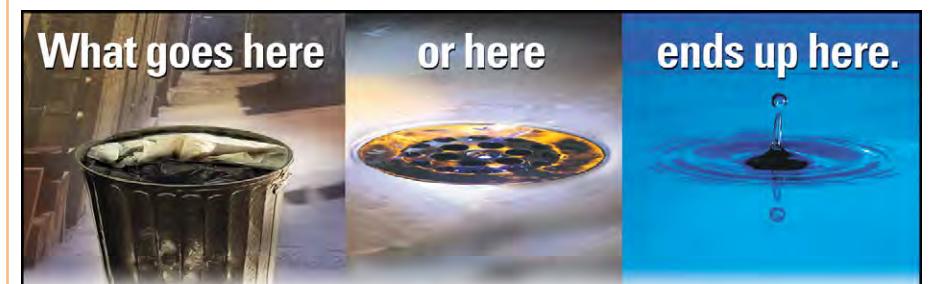

Steve Isola

available to troubleshoot recycling and food waste challenges at your worksite. Review the Business Guide to the MRC, available at www.wlssd.com, to see items that are banned from the garbage. Hazardous wastes may be managed through WLSSD's Clean Shop program or other hazardous waste hauling services in the region. Contact WLSSD for information and advice about how to properly manage other wastes.

The Materials Recovery Center, located at 4587 Ridgeview Road, provides residents with a disposal option for bulky items or demolition debris that do not fit into the garbage can; the Household Hazardous Waste Facility provides a disposal option for wastes such as chemicals, solvents, pesticides and paint products.

WLSSD's Yard Waste Compost Site offers residents a disposal option for brush and branches, leaves, grass clippings, garden waste and other vegetative materials.

Complete Waste Disposal Solutions

- Hazardous Waste Disposal & Assistance
- Waste Reduction & Recycling Assistance
- Pollution Prevention Programs
- Food Waste Recovery & Composting
- Regional Wastewater Treatment
- Yard Waste Composting
- Materials Recovery & Reuse

Adolfson & Peterson is a family-owned company that is consistently ranked among the top construction managers and general contractors in the nation. With a mission of building trust, communities and people, AP focuses on projects that enhance communities where we live and work. Founded in 1946, AP is known within the building industry for outperforming our competition with innovative and collaborative approaches. AP has built longstanding relationships with our clients and communities by serving the aquatics and recreation, healthcare, higher education, hospitality, industrial, K-12 education, multi-family, municipal, office and senior living market segments. Our passionate employees, with an average tenure of more than seven years, work from offices in Arizona, Colorado, Minnesota, Texas and Wyoming.

APEX is the private-sector led busi-
ness development engine for north-
east Minnesota and northwest
Wisconsin. APEX investor-members
represent some of the most influen-
tial companies in the region, with a
collaborative approach to promoting
sustainable economic growth. APEX
attraction, expansion and retention
efforts focus in areas including avia-
tion, mining, manufacturing and sus-
tainable forest products. Since 2003,
through these efforts, APEX has
impacted over 4,340 jobs in the
region, resulting in an annual region-
al payroll of over \$177.9 million and
contributing to over \$24.5 million in
state and local taxes annually.

dist. Our mission at Associated
Chiropractic is to improve the overall
health of Northland residents by pro-
viding the highest quality family chiro-
practic wellness care possible. We do
this by empowering individuals and
families to take control of their own
health and wellness. We educa-
te, lead and inspire with open ears,
boundless energy and a positive atti-
tude. Our friendly staff and state-of-
the-art diagnostic equipment ensure
you will receive the highest quality
health care possible. Work comp and
auto injuries are welcome. Most
insurance accepted.

Days Inn Duluth Lakewalk is a Duluth hotel offering a comfortable, logical, practical place to stay. This kind of familiar relaxation far outweighs the high-end, high-frills amenities of other accommodations. Now, that doesn't mean we're no frills; it simply means we are no nonsense. That means you'll enjoy a low-key, high-comfort stay – just like home. All the things you expect in a hotel room are there for your comfort and pleasure. Convenient location for downtown, Canal Park or wherever your travels take you!

Duluth Energy Systems provides thermal energy for building heating and cooling in Duluth's downtown and Canal Park district. The community energy system eliminates the need for building owners to operate, maintain and repair on-site boilers and chillers. Duluth Energy Systems has heated most of the city's prominent properties since 1932 and continues in that role, serving historic buildings as well as the city's newest landmark properties. Are you connected?

Step back in time in Duluth's historic lakefront hotel, where you will be pampered by classic European-style service, gracious hospitality, fine cuisine and luxurious accommodations – all on the shore of Lake Superior in the renovated 1880s Fitger's Brewery, listed on the National Register of Historic Places. Within our bluestone walls, you'll discover an array of unique, locally owned shops that have phenomenal offerings geared toward every member of the family, three great restaurants (all featuring seasonal outdoor dining), an award-winning micro-brewery and a salon and day spa. Fitger's offers free validated parking and is dog friendly. For information about Fitger's or the many great events that happen throughout the year, visit our website.

Fond du Lac Tribal & Community College brings together a tribal college and a state community college in partnership. With this partnership, Fond du Lac Tribal & Community College has a unique mission to provide higher education opportunities for its communities in a welcoming, culturally diverse environment. This collaboration offers all students, regardless of demographic background, the opportunity to learn in a comfortable and diverse environment.
Founded in 1987, the college offers two-year associate degrees across a wide range of program areas and a Bachelor of Science degree in Elementary Education. Popular programs include liberal arts, law enforcement, elementary education, child development, environmental science, electrical utility technology and geographic information systems. The college is a regionally accredited institution through the Higher Learning Commission and provides the perfect learning environment in which to meet the needs of our next generation of leaders. Tuition and fees are affordable and among the low-

est college costs in the region. The college offers on-campus housing, intercollegiate athletics, student clubs and organizations, customized training and continuing education opportunities for professionals, community events and a positive atmosphere on campus.

Lake Superior College (LSC) is a comprehensive two-year community and technical college offering more than 90 programs, including liberal arts and science courses for transfer, technical and trades programs, allied healthcare and nursing programs and continuing education and customized training for business and industry. LSC is a member of the Minnesota State System and is the largest two-year college in northeastern Minnesota. LSC is also a leader in on-line courses and offers competitive DIII athletics. LSC was recently

ranked as the top community college in the state and among the top 25 in the nation.

Marshall School is Duluth's independent school, serving students K through 12th grade with distinctive and personalized educational programming. The Forest School at Marshall serves early learners K through 4th grade in both an indoor and up to 50 percent outdoor classroom setting. Marshall's middle school program (grades 5-8) emphasizes developing each learner into a successful student and community member. The Upper School program at Marshall offers a personalized approach to learning, guiding each student to discover and develop their gifts and passions.

As a nationally top-rated college, the Northwood Tech Superior campus offers top-notch faculty and state-of-the-art technology, education that is dynamic, hands-on, focused career preparation and a variety of courses, career programs and delivery options. Northwood Tech - Superior serves students through day, evening and online courses. Course offerings are available through general and community education as well as contact training partnerships with area business and industry. Northwood Tech also offers continuing education courses that include myriad choices for the lifelong learner. Students at Northwood Tech are able to custom-design programs to meet the needs of local employers and an employer with special training requirements can work with Northwood Tech staff to create individualized course work as necessary.
